

FOUR AMERICANS KILLED IN MANILA RIOT

ELEVEN KILLED WHEN CONSTABULARY AND MANILA POLICE RIOT

Trouble Started Over Shooting Constabulary Man by Police-- Trouble Has Been Brewing For Some Time--General Crane In Charge.

(By The Associated Press)
MANILA, Dec. 16.—Eleven men, four Americans and seven Filipinos, were killed here last night during a riot within the walled city between enlisted men of the Filipino constabulary and the Manila police.

The Americans killed were Captain W. E. Wichmann, Patrolmen Albert A. Troge and John W. Driscoll and Augustus Jacuman, field clerk of the United States army. Fifty shots were fired when forty constabulary men sought to avenge the shooting of a constabulary man by the Filipino police.

The riot was a result of the shooting Tuesday night of a constabulary man who was reported to have attacked the Filipino policemen with a knife.

The riot occurred at the Luneta Police Station just outside the walled city and then proceeded within the walled city where promiscuous firing between police and constabulary men took place.

Many Shots Exchanged
Police reserves with riot guns rushed to the walled city where hundreds of shots were exchanged. The Filipinos killed a patrol wagon driver and six bystanders. Four Filipinos were wounded. There were no casualties among the constabulary forces.

The personnel of the constabulary force is composed entirely of Filipinos, and the organization numbers 6,000 and is stationed in various provinces for police purposes.

Rioting ceased when Brig. Gen. Rafael Crane appeared on the scene with Chief of Police Bopp.

"Every precaution has been taken to prevent a repetition of the affair," said General Crane. "The constabulary men surrendered without a murmur when I appeared with Chief Bopp."

Colonel Lucien R. Sweet, inspector general of the constabulary, declared that this latest trouble between the constabulary and the police resulted from the arrest Sunday of the wife of a constabulary private by the police. "Her clothing was torn and the circumstances were such as to make any real man's blood boil," he said.

Trouble Has Been Brewing
Manila, Dec. 16.—Riots broke out here last night as the result of bitter feeling between the Philippine constabulary and the Manila police. Trouble which had been brewing for some time came to an open break following the shooting of a constabulary private Tuesday night by a policeman.

Governor General Francis Burton Harrison and Brigadier General Rafael Crane, Filipino chief of the constabulary took active steps to quell the rioting.

The governor found the armed

AMERICAN LEGION SERVES NOTICE ON HOUSE AND SENATE

Will Brook No Delay in the
Passage of Legis-
lation

ATTACKS TREATMENT
OF DISABLED MEN

(By The Associated Press)
WASHINGTON, Dec. 16.—The American Legion will defend the tax plan in the house bill granting adjusted compensation to former service men, but it will not defend delay by congress in passing the measure, the senate finance committee was told today by Gilbert Bettman, a member of the legion's executive committee.

Senator McCumber, of North Dakota, acting chairman of the committee had advanced the condition of the treasury as a reason for suggesting postponement of action until 1922 or 1923. He said treasury reports indicated a deficit of one and one quarter billion dollars on January 1, two and a half billions on next June 30 and a half billion at the end of the next fiscal year.

Carl Clavin, national commander of the World War Veterans, told the committee congress should provide the means for compensating the railroads and other industries taken over during the war and that the former soldier felt they should have equal treatment.

Should Find Means.
Major Frederick W. Galbraith, Jr., of Cincinnati, national commander of the American Legion in presenting the claims of the men, said congress should find the means of meeting these claims. Mr. Bettman expressed a similar view saying it was not for the legion to advise when or how "the debtor" should pay.

Some of the senators did not agree with the legion spokesman that large numbers of the soldiers would accept homestead or other features of the bill in lieu of the cash bonus proposed as one of the alternate plans of compensation. Major Galbraith thought a campaign of education would reduce the number who now favored a cash payment by the government.

Major Galbraith sharply attacked the administration for its treatment of disabled service men. He said congress had been liberal with funds for this purpose, but that the federal agencies charged with carrying on the work had not co-operated and functioned properly.

COURT FAILS TO
"PASS ON MOTION"

Supreme Court Fails to Act on
Petition of State's Attorney
Crown—Asked to Be Appointed
in Election Contest.

(By The Associated Press)
Springfield, Ill., Dec. 16.—When the supreme court adjourned tonight it had not passed on the motion of State's Attorney Robert E. Crowe, of Chicago, who seeks to be appointed attorney special attorney general "to appear upon behalf of people of Illinois" in the election contest of Edwin A. Olsen against Thomas Gearty set for hearing tomorrow morning.

In support of his motion Attorney Crowe alleged that Attorney General Brundage has taken no part in the proceeding and that it will go by default unless the court appoints a special attorney general to "represent the people."

"The attorney general's intervention," Mr. Crowe stated in his application, "to the end that the machinery in Cook county may thereby be controlled by said Brundage in future elections to take place in Cook county."

"Brundage," he concluded, "is interested in having Olsen and not the people succeed."

CLOVERLEAF PRESS
IS INCORPORATED
Springfield, Ill., Dec. 16.—The Cloverleaf Press of Jacksonville was incorporated here today to do printing, publishing and advertising business. Capital stock is \$25,000. The incorporators were F. H. Rowe, W. C. Bradish, C. A. Goodale, R. Y. Rowe, Marie Seibert, and Millicent Samuelli.

Complete Rate Hearing

(By The Associated Press)
SPRINGFIELD, Ill., Dec. 16.—The state public utilities commission held a night session tonight to complete the hearing of evidence on the application of the Illinois Traction System for an emergency order to increase its rates in Jacksonville, Bloomington, Normal, Cairo, Clinton, Danville, Decatur, Mound City, Quincy and many other municipalities in the state.

B. E. Bramble, of Champaign, general auditor of the company, and F. A. Wardfield, of Peoria, rate engineer were cross-examined tonight.

FOUR ADMITTED TO MEMBERSHIP IN LEAGUE OF NATIONS

Armenia Cannot be
Admitted at Pres-
ent Time

WILL INVESTIGATE
BOLSHEVIKI REPORT

(By The Associated Press)
GENEVA, Dec. 16.—The league of nations increased its membership to 46 states today by the admission of Bulgaria, Finland, Luxembourg and Costa Rica. None of them met with opposition but there were some abstentions from voting on their admissions, one by the French delegates who explained that although they held no grievance against Bulgaria they lacked sufficient information and preferred not to act either way.

Armenia came up again today to trouble the assembly. To do something for Armenia has appeared to be the slogan of several members since the beginning of the meeting, including leading figures such as Lord Robert Cecil who represents South Africa.

Cannot be Admitted Now.
The committee on the admission of new states having decided that Armenia could not be admitted now Lord Robert asked the assembly at least to hold out the hope that Armenia will be admitted into the family of nations next year and to wish well to President Wilson in his mission of mediation between the Armenians and Turkish nationalists.

Edward Millen of Australia suggested it might be wise to find out whether it was true Armenia had gone Bolshevik and had made peace with Mustafa Kemal Pasha, the National leader before insisting further on the proposal of mediation.

George Nicoll Barnes of the English delegation asked whether it would not be wiser to drop the whole subject rather than risk a vote. If the vote should be negative, he declared, it would be like a slap in the face to Armenia; if favored it might prove to be without tangible results.

The assembly itself in a tangle of procedure which Rene Viviani of France, as usual unraveled by the simple suggestion to send the whole question back to the committee which will take immediate action.

BIG APARTMENT
HOUSE PLANNED

Springfield, Ill., Dec. 16.—Securities State Emerson today issued articles of incorporation to the Sheridan Apartment Hotel company and the Apartment Hotel Securities corporation which plan to erect a \$1,000,000 apartment house in this city to cater almost exclusively to state house officials and employees. Chicago capital is backing the concern.

P. R. Davy, Logan Venters and D. W. Newton were the incorporators.

LAKE STEAMER
BATTLES STORM

Muskegon, Mich., Dec. 16.—The Goodrich Line Steamer Alabama arrived here tonight after being delayed 18 hours by the storm over Lake Michigan.

The vessel was forced to turn back last night when she was unable to make this port through high seas. Thirteen passengers aboard suffered no ill effects and said their only fear was that the food would not hold out.

MRS. HAMILL
IDENTIFIES BODY

Calverton, Texas, Dec. 16.—John B. Hamill, Ottawa, Ontario, has today positively identified the body of a man found dead from exposure here Monday as that of her husband, John P. Hamill, wealthy Ottawa merchant for whom a nationwide search had been in progress since Nov. 11 when he disappeared from his home in Ottawa.

FORMER JOURNAL MAN WITNESS OF DARING HOLDUP

Exciting Gun Battle is
Witnessed by Floyd
Williamson

ROBBER AND
OFFICER KILLED

(By The Associated Press)
CHICAGO, Dec. 16.—One of two holdup men who attempted to rob the Home Drug company store on the busiest corner in Chicago was chased thru the street crowds and killed by police in a gun battle just before midnight tonight.

Charles Conlon, a policeman who tried to head off the holdup was fatally wounded by the robber a moment before the latter was slain.

The lookout of the bandit escaped in the crowds just emerging from the theaters along Randolph street.

Conlon died a short time later at a hospital.

The dead robber was not identified.

Cashier Saves Money.
The presence of mind of the girl cashier of the drug store, which is the corner store of the Ashland block, across from the City Hall, saved the money in the drug store till. When confronted by the bandits she quickly locked the cash drawer and then held up her hands.

Putting the keys to the drawer in her pocket Miss Maude Lindt, the cashier refused when the robber demanded that she open the till, and struck her in the face with one of his revolvers. The young woman did not waver and persisted in her refusal to act as an aid to the bandit.

Policemen summoned by newspapermen from the Chicago Press club, over the drug store surprised the bandit while he was holding up a number of customers. Firing as he ran the robber started north on Clark street and encountered Conlon. Another officer ran up just as Conlon was shot and killed the robber. Only two of the dozen or more shots fired in the midst of the crowd found human targets. These killed Conlon and the robber.

Floyd Williamson, son of Mr. and Mrs. A. E. Williamson, of Caldwell street who is one of the editors in the office of The Associated Press was in the Home drug store at the time of the holdup. Williamson ran to the club and notified the police. He then returned to the street and covered the story for The Associated Press.

RACE RIOT CAUSES TWO DEATHS IN INDEPENDENCE, KAS.

Men, Women and Children
Engage in the Dis-
order

LEGION POST
HELPS POLICE

(By The Associated Press)
INDEPENDENCE, Kans., Dec. 16.—A white school boy and a negro were killed and four white men wounded, three possibly fatally here tonight in a race riot incident to the killing this morning by a negro of R. R. Wharton, a white grocer.

The trouble which began shortly after 7 o'clock was not halted until two hours later when officials, assisted by members of the home guard and local American Legion post succeeded in forcing the combatants off the streets.

Altho troops were requested of Gov. Allen it was believed they would not be sent as the situation apparently was under control late tonight.

During the rioting Lawrence Clennon, a white boy, was shot thru the lungs and died forty minutes later. Arthur Harper, a negro was instantly killed. Fred Kelley, white, was shot in the hip and Arthur Mibbeck and F. S. McHenry, both received body wounds. The last three named are not expected to live according to physicians.

Scarlet Fever In Springfield

(By The Associated Press)
SPRINGFIELD, Ill., Dec. 16.—Scarlet fever has reached epidemic proportions in this city. Dr. C. C. Clair Drake, state director of the department of health announced tonight.

"The steady increase of the malady here can readily be seen," Dr. Drake declared, "by our figures which show there were twenty-three cases prevalent in September, 57 in October, 124 in November and 130 cases for the first fifteen days of December. Twenty-six cases alone this month developed in the Springfield High School."

COOLIDGE INVITED
TO TAKE PART IN
DELIBERATIONS

Visited Harding at
Marion, Ohio
Thursday

PLEASSED WITH
INVITATION

(By The Associated Press)
MARION, O., Dec. 16.—Vice-President-elect Coolidge was formally invited today by President-elect Harding to sit in the cabinet consultation and take an active part in shaping the policies of the coming administration.

The invitation was extended at a conference here at which two talks over cabinet appointments and planned for an association of nations and many other problems involved in the assumption of executive authority next March.

Governor Coolidge indicated that he would accept gladly such responsibilities as his chief might suggest. "The vice-president declared that he was particularly pleased with the progress made in the association of nations conferences here and predicted that Mr. Harding would work out an agreement behind which the American people could stand united.

Position Not Revealed.
It was not revealed what position Mr. Coolidge took towards preservation of the frame work of the Versailles league in the building of new world peace structure, nor what suggestions he contributed to the advice gathered by the president-elect in his series of conferences.

Re-suming these conferences tomorrow Mr. Harding will see W. J. Bryan and ask his advice about the Versailles league and other questions of foreign policies.

Governor Coolidge accompanied by Mrs. Coolidge reached Marion shortly before noon and remained at the Harding home until evening. During the afternoon the governor was taken by Senator Harding to the Marion Club where he held an informal reception. Later the president and vice president-elect were serenaded at the Harding front porch by a band accompanying a delegation from Hendersonville, N. C., who came here to ask that Mr. Harding be the guest of their home town for the winter. He took the invitation under advisement.

In asking the vice-president-elect to advise with the cabinet, Mr. Harding fulfilled a promise made soon after his nomination. It is understood that before accepting, Mr. Coolidge asked whether he might not be considered an interloper at the cabinet table and Mr. Harding replied that he would feel free to select his advisers as he saw fit, regardless of the practice of recent years.

UNEMPLOYMENT
IN MILWAUKEE

Milwaukee, Wis., Dec. 16.—An increase in unemployment in the city was reported today by Harry Rippert, superintendent of the government employment office. His figures show between 30,000 and 40,000 jobs there are 700 job seekers and that there are 200 to 300 common laborers out of work for every fifteen or 20 jobs open to them. The total number of the unemployed is expected to reach 50,000 within a month, he said.

CHURCH DOME FALLS
SIX ARE INJURED

Long Beach, Cal., Dec. 16.—The dome of the new First Christian church here fell today during the lunch hour of the workmen and buried six of them in the wreckage. The damage to the structure, it was estimated, may amount to the value of the building, \$250,000. The workmen later were extricated, seriously injured.

AMERICAN BUSINESS MESSAGES IN BRITISH HANDS DURING WAR

Former Naval Attache in South America

So Informs the Committee—Carlton Says
the British Now Hold Up all Messages
to United States—Struggle for Control

(By The Associated Press)
WASHINGTON, Dec. 16.—Direct testimony that American business messages sent over British cables during the war had come into possession of British business interests was given to a senate committee today by Captain F. K. Hill, formerly an American naval attache in South American countries. The committee also learned from Nemcomb Carlton, president of the Western Union Telegraph Company, that the British naval intelligence authorities now were holding up for examination all cable messages from Great Britain to the United States.

CITY OF FATHER KNICKERBOCKER ENTERS PROTEST

Hold Parade in Protest of
Proposed Blue
Sunday

WILL HOLD PARADES
EACH WEEK

(By The Associated Press)
NEW YORK, Dec. 16.—"Blue Sunday" was denounced on Broadway and Fifth Avenue today in a mournful parade sponsored by the International Sporting Club of which many society folk are members.

Horses harnessed with crepe slowly pulled five floats in which Puritan characters anticipated life under the proposed "Blue Laws."

Bandmen plodded their weary way at the head of the procession, playing "Gee, But This is a Lonesome Town" and funeral dirges.

A man with ball and chain rode the first float and an inscription asked if "We are coming to this for riding in transit on Sunday."

On the next a whipping post ceremony was applied on one who whistled on Sunday, and on the third float was a husband in stocks for "kissing his wife."

Two boys were put in a cage for "Fishing on Sunday" and the last float showed a man at the pillory for "Smoking on Sunday."

Similar parades will be held daily next week the leaders announced.

are slow and limited.

Struggle for Control.
Elhu Root, Jr., counsel for the All-American Cables, Inc., was again examined and said the Miami controversy was "merely a step in a great international struggle for the control of communications to South America—a struggle between the United States on the one hand and Great Britain on the other."

"It is a very great national problem," Mr. Root added.

W. W. Hawkins, president of the United Press told the committee that cables failing the chief limitation of the distribution of American news abroad and said that conditions were such that his organization could not get into South America all the news it desired to send there.

"The situation between the United States and Japan," he said, "is largely affected by the fact that news communications are slow and limited."

Captain Hill testified that the most glaring instance of American messages getting into the hands of British concerns was when the General Electric Company submitted a bid for certain electrical installations for a Brazilian who received, next day a bid from an English concern to supply the same articles at a lower price than the American firm offered.

This testimony was adduced at further hearings by the committee into the general question of cable communications and three cornered controversy over the landing of a South American cable at Barbadoes which involves a question of a British cable in coastal monopoly in Brazil.

Mr. Carlton in discussing the holding up of American messages in Great Britain now said there was some justification for the practice as the purpose was to throw light on "internal disturbance in British, chiefly I suspect, with reference to Ireland."

He added that his company had taken a firm stand on the matter but had been assured that no censorship would be imposed.

The Western Union president testifying further as to the attempt to land the Miami cable said his company was proceeding in an orderly way thru the courts to get the cable connected. While the hearing was in progress it was said at the state department that the company had been informed that if it landed the cable via Cuba the permit under which existing cables at Miami were landed would be altered so as to prevent the transmission of thru messages to Brazil over the British Western Company's lines from Barbadoes.

Elhu Root, Jr., counsel for the All-American Cables, Inc., was again examined and said the Miami controversy was "merely a step in a great international struggle for the control of communications to South America—a struggle between the United States on the one hand and Great Britain on the other."

"It is a very great national problem," Mr. Root added.

W. W. Hawkins, president of the United Press told the committee that cables failing the chief limitation of the distribution of American news abroad and said that conditions were such that his organization could not get into South America all the news it desired to send there.

"The situation between the United States and Japan," he said, "is largely affected by the fact that news communications are slow and limited."

For hours the earth's surface shuddered under the feet of its heedless millions. Force waves thousands of miles in length swept outward from that storm center like ripples on a rock broken pool. Yet only the insensate seismographs noted it and inscribed a mute record for watchful scientists who guard their secrets.

The first word of the disturbance came from Georgetown University here. When the Rev. Father Francis A. Torndorf, director of the seismographic observatory, peered at his delicate mechanism this morning they told him of a shock more severe than any recorded in the last two years.

The chart indicated a westerly direction. Father Torndorf estimated the distance from Washington at 2,800 miles. It might have been the scientist's notion of a submarine disturbance, a new mountain peak rising under the waves. There was no way to judge he added.

Anti-Strike Bill Causes Controversy

(By The Associated Press)
WASHINGTON, Dec. 16.—An anti-strike legislation was presented at the last session after the house had refused to accept the anti-strike clauses in the transportation act proposed by the senate.

The senate passed the bill today while the clerk was droning thru minor bills on the routine calendar under an unanimous consent agreement.

Objection of a single senator would have blocked its consideration or a quorum call would have summoned its opponents. Neither move came, however from the small handful of senators in their seats.

The motion for reconsideration under the senate rules would be considered regularly at the next reading of the calendar probably Monday. Senator Poinsett was said to be confident that a majority could not be secured to overturn the senate's passage of the measure but opponents were preparing for a vigorous fight when the La Follette motion is taken up.

administration, further, that there is a handsome balance of over \$15,000,000 in the state treasury at this time.

With \$1,400,000,000 suggested as the proper expenditure for army, navy and fortification of the United States next year, it doesn't look as if all the people down at Washington believe that the peace league is going to entirely eliminate the dangers of war. In fact, the expenditure figures suggested are in line with the theories of those who believe that a nation thoroughly equipped for war is most likely to enjoy the blessings of peace.

Generally speaking, taxes are certain to be higher this year than last, and from all indications, high taxes will prevail for some time to come. High taxes must carry with them high values if proper financial relationships are maintained. The property owner who pays higher taxes must have a wider margin of profit on the goods he sells. After all, thru the general processes of business, taxes are pretty well spread out.

President-elect Harding has remembered his pre-election promise of his intention to make the vice president a real force in his administration. So Mr. Coolidge has been invited by Mr. Harding to be present at cabinet sessions and to take his full part in the consideration of public questions. "Two heads are better than one" in governmental leadership, especially when the application of this principle makes possible the inclusion of a man of the Coolidge type. The vice president will be a real source of strength in the council chamber of the cabinet.

Mr. Mondell proposes that the appropriation suggested by Secy. Houston shall be cut down a billion or so. The Republican floor leader believes that this is a time for governmental economy and that the Republican party was put in power by an overwhelming majority because the people expected business methods to control in governmental affairs, with a corresponding reduction in taxes. These reductions cannot come unless the government expenses are cut.

AN INTERESTING THEORY

One of the most interesting documents on the obligations that college alumni owe the institution from which they graduate was recently issued by the Illinois college endowment committee. This bulletin, using the statement that no student pays the full cost of his education, as the promises for the argument, proceeds with a table of figures to show the actual money indebtedness of each alumnus of Illinois college, to his alma mater. The theory is that the alumnus owes the college interest on the difference between the cost of his education and what he actually paid for it. So a graduate of the Illinois college, for example, owes the institution \$2535, and the graduate of 1910 has an indebtedness of \$610. The interest is figured at 5 per cent. It is not urged that this is a legal obligation but the moral obligation is pointed out. Certainly the

theory is very interesting and the bulletin will cause some worth while thinking.

Suspenders in holly boxes make a sensible present at TOMLINSON'S

Rippling Rhymes
By Walt Mason

SAGE CONSEL
The Christmas season comes apace, when smiles will hang from every face. The Christmas spirit, for a time, will make our lives a thing sublime. Alas, be-shrew me, and dog-dog! The Christmas spirit does not last! A day or two it warms our hearts then straightway shrivels and departs; why does it chase itself so soon, and leave our lives all out of tune? It is because we eat much of turkey, pudding, pies and such; the Christmas spirit cannot dwell where people with dyspepsia yell. The Christmas morning finds us calm; the season, like a shooting balm, has healed the troubles and the cares that man thru weary workdays bears. We look with kind and loving eyes upon our smiling fellows; we send some peanuts to the poor, and think the Spirit will endure. And then we eat a gorgeous meal, including turkeys, ducks and veal, and pies—the kind that mother made—and doughnuts, cakes and marmalade. At night our burdens inwards balk, and thru long hours the floor we walk; and in the morning, cold and gray—the morning after Christmas day—we groaning leave the sleepless berth, and care not a hoot for peace on earth. And now I spring some good advice, which, followed up, will cut much ice. Eat humble grub on Christmas day, and give the gorgeous things away.

Ladies' Black Cat stockings make nice Christmas presents. See those at TOMLINSON'S

FAVORITE LODGE CELEBRATES GROWTH

Lodge Initiated 376th Member—Membership Now Same Lodge Number—Program followed.

Favorite Lodge No. 376 at its regular meeting Thursday evening conferred the Rank of Page on W. J. Bryan Young who brings the total membership up to 376, the same as the lodge number.

The conferring of the rank was most impressive and was witnessed by a large number of members. The candidate wore the number 376 and white roses.

Following the business session a program was given as follows: Selections by Knights of Pythias quartet.—C. B. Magill, Maurice Peckham, James Guyette, Ben Denny.

Address.—Dr. Walter E. Spoons.

Reading.—Miss Elizabeth Frazer, Illinois Woman's College. Miss Frazer was received with enthusiasm and was compelled to respond to an encore.

Remarks also were made by a number of members of Jacksonville Lodge No. 152.

At the close of the program the company enjoyed an oyster supper. This feature was in charge of a committee composed of Glenn Cannon, E. Clifford, Strandberg and Jewell E. Scott.

Social Events

Priscilla Sewing Club held meeting Thursday evening at the home of Mrs. Ralph Hutchinson 343 South Diamond street. All the members were present. The house was beautifully decorated. The event of the evening was the Christmas tree. Each of the members received a present. After the social hour, light refreshments were served.

Woodson Club Met Wednesday
The Woodson Household Science Club met Wednesday at the home of Mrs. Eva Mortimer. At the roll call each member was given a card with a string tied to it. This was unwound and at the end of it was a Christmas gift. This afforded much amusement. The club is divided into five groups and each sang songs. Progressive games were played and refreshments were served. The decorations were in keeping with the holiday season. The next meeting will be held with Mrs. Stella Rawlings.

Helping Class of Hebron Church Meets
A regular meeting of the Helping class of Hebron church was held Wednesday afternoon at the home of Mrs. W. T. Richardson. There was only a fair attendance but the session was an interesting one. The devotionals were led by Mrs. E. E. Hart, and members responded to roll call by giving Christmas quotations. The reading of a Christmas story by Mrs. Thomas Brown was an interesting feature of the program, and a grab bag was also included in the events of the day. A social hour followed the program and delicious refreshments were served by the hostess.

Helping Class Met Wednesday
The Helping Class of Hebron church held its regular meeting Wednesday, December 15th with Mrs. William Richardson. A fair attendance was present. The devotionals were led by Mrs. E. E. Hart. The roll call was answered by Christmas quotations. Christmas stories by Mrs. Kate Brown. The class then voted to donate \$10 to the Christmas offering. An election of officers was held, the following being elected: President, Mrs. Walter Wheeler; Vice-president, Mrs. Charles Bealmear; Secretary, Mrs. Clyde Martin; Treasurer, Mrs. Lewis Ward. After the social meeting delicious refreshments were served. The next meeting will be held at the home of Mrs. Daniel Ward on January 13th.

Asbury Aid Met Thursday
The Ladies' Aid of Asbury church held their regular session Thursday afternoon at the home of Mrs. Carl Hembrough. The following program was carried out: Music Mrs. Carl Hembrough; scripture reading, Mrs. H. L. Trotter; a paper on Christmas, Miss Ruth Hembrough; reading, Mrs. Earl Hembrough; song, Miss Marie Hembrough; reading, Mrs. Earl Hembrough; song, Miss Marie Hembrough.

The ladies voted to hold an oyster supper at the home of Mrs. John Becker, Dec. 31. Everybody welcome. Visitors for the afternoon were Mrs. Ed Craig, Mrs. Lula Henry and Mrs. Earl Hembrough. During the afternoon the hostesses served delicious refreshments. The next meeting will be at the home of Mrs. Eddie Hembrough Saturday, Jan. 22.

Housekeepers Class of Westminster S. S. Meets
Members of the Housekeepers class of Westminster Sunday school met at the home of Mrs. Orville Coultas on South Main street Thursday. There were about twenty-five in attendance including several guests. There were various contests included in the program, prizes being awarded to Mrs. Stella Mawson and Mrs. Anna Rabjohns.

Mrs. Robert Stevenson has for some years been the teacher of the class and she was yesterday presented a handsome gift by the members of the class. Mrs. Stevenson in turn presented a gift to the class with a gift. The meeting yesterday was the annual business session and the election of officers was held, resulting in the choice of the following: President—Mrs. M. M. McComb. Vice president—Mrs. A. H. Dellear. Secretary—Mrs. Vincent Riley. Treasurer—Mrs. Henry Kamm. Some time was spent socially at the close of the program and business meeting and at this time the hostess served elegant refreshments.

House Coats for Men, at TOMLINSON'S

ELKS SEND CHECK TO PASSAVANT HOSPITAL

Jacksonville Lodge No. 682 B. P. O. E. sent a check for a substantial amount to Passavant hospital yesterday. The check is for the purpose of providing Christmas cheer for the patients of the institution. The officials of the hospital wish to express their gratitude to the lodge for the gift.

Insure with M. C. Hook Co.

WITH THE SICK
William, little son of Mr. and Mrs. Harvey Davies, east of the city, is recovering from an attack of pneumonia.

Mrs. Charles Ryan has gone home to Franklin after being a patient at Our Savior's hospital. Dr. J. U. Day, who has been in the city for the purpose of selecting officers for Morgan County Farmer's institute.

AT GRACE CHURCH

All of Grace church Sunday school, both young and old, are requested to meet at the church at 7 o'clock tonight and bring this column, for full rehearsal of both scenes of the cantata, "Christmas Far and Near" for voices. The orchestra is to be present also.

The ladies who are to make the capes are requested to come to the church at 2 o'clock this afternoon and bring scissors, needle and white thread.

Angel Voices, Greeting.
Angel voices o'er Bethlehem's plains,
List to the wonderful message they sing;
Never has man heard a sweeter refrain.
The manger of Bethlehem cradles a King.

Chorus:
Angel voices, singing His birthday greeting;
Angel voices, singing with glad acclaim;
Angel voices, telling the earth He cometh;
Singing, singing the glory of Jesus' name.

Heaven's arches still echo the strain,
He comes to redeem thee, doubtless must cease;
Send forth the tidings, His mercy proclaim.
This Savior of sinners will bring the earth peace.

Wonderous story, oh, sing it again!
Sing of His precious gift, given so free;
Sing of His love to the children of men,
For this wonderful gift is even for me.

Follow the Guiding Star.
There's a star in the sky, and shepherds are high,
And angels announce the glad story.
There's a long waiting earth, to welcome the birth Of a King, the new Prince of Glory.

Chorus:
Follow the star above, follow the star of love,
It twinkles, and sparkles and beckons for thee,
Foretelling the glories when Jesus we see.

And wise men from afar, they follow the star
Which leads to the stable and manger,
And today, leaders still, the seekers who will find the path that leads to the Savior.

It's beck'ning to thee, it says follow me,
And gladly we follow its leading,
There's a star in the sky, our heavenly guide
We follow its pathway believing.

The Gifts We Bring.
Seeking, seeking, until we find,
seeking for the King;
Gifts for Him we bring,
Bringing Him our all, for all we have is thine,
And finding, forever to Him we'll cling.

Chorus:
Coming, coming to the King, these are the gifts to Him we bring,
Our hearts to seek, Our hearts to love, Our hearts to serve Thee.
Follow, follow faithfully, and merit thy gifts of mansions fair above.

Loving, loving, steadfast and true, love with all your heart,
Never from Him part,
Happy is the thought that Jesus loves us too,
While striving, this love to others impart.

Serving, serving, turn not aside, serve with all your heart,
Serve with all your heart;
Walking in His ways and in His steps abide,
And never from the narrow path depart.

Worship the New-Born King
Mid the gloom of the night shines a glory most bright,
Floating from star to star,
Melodies ring afar;
Like silvery bells each echo tells,
"Come worship the King, the heavenly King."

Chorus:
Hail! Hail! The King! Long promised King,
Come now and worship, our gifts of love bring;
Honor and praise to Him ever we sing,
Hail! Hail! The King! Long promised King;
Come now and worship, by faith to Him cling,
Worship the new-born King.

Wear your souls gone astray, still His love lights the way,
He will your ransom be thro' all eternity;
Bow at His feet, the dear Savior greet,
O worship the king, the new-born King.

THE BEST GIFT OF ALL
An Edison Phonograph.
Make your family and yourself a Christmas present of this wonderful musical instrument. Have real music in your home all the time at your call; bring Broadway with its wonderful concerts and songs right into your home.

An election will be held in farm bureau office in the Hook-enhall building at 1 o'clock Saturday for the purpose of selecting officers for Morgan County Farmer's institute.

FOOTBALL MEN IN ANNUAL BANQUET

Was Held in David Prince Building—Eighteen Men Receive Letters.

A banquet was given for the football boys at the David Prince school, Thursday evening. The banquet was served in the Domestic science room by the girls of the class. Chicken, fruit, salad and many good things were served. Mr. Schaffer acted as toastmaster. The program consisted of responses from Coach Mitchell and Capt. Gard.

Mary Simm delivered a message to the students. The presidents of the different classes also made a talk. Albert Arter was chosen captain for next year. This meeting closed with a song, "Onward Jacksonville."

In the assembly room eighteen of the boys were presented their "J's". They are: Paul Gard, captain; Elliott Arnold, Harold Cockin, Edward Alexander, Palmer, Hunt, John Hackett, George Cockin, Bernard Camm, Ernest Bray, Francis Reynolds, Henry Struck, Albert Arter, Charles Hopper, Nellis Sanders, Ralph Mitchell, Reginald Reed, Ieland Perbix and Lee Goebel.

WOULD CLIP OVER BILLION FROM APPROPRIATIONS

Mondell Urges Cut in the Army and Navy Bills

PARTISAN DEBATE OCCUPIES TIME

WASHINGTON, Dec. 16.—Declaration in the house today by Representative Mondell of Wyoming the Republican leader that congress should cut departmental appropriation estimates especially those from the war and departments, by nearly a billion and a half dollars started a round of political debate that occupied most of the session.

Representative Mondell's criticism of army and navy estimates made in the course of a prepared speech on government finances through defense from Representative Hardy and Connolly, Democrat of Texas from Secretary Baker of the war department and Daniels of the navy department. This led to charges by Representative Mondell, Representative Blanton, Democrat of Texas, and others that the war department head "was spending money not authorized by congress" and that the navy department chief had presented estimates "so extravagant that they cannot be described."

Rigid Economy Urged.

Rigid economy in appropriations to lighten the tax burden was urged by the Republican leader, who said that the total submitted estimates of \$4,653,800,000 should be scaled down by \$1,400,000,000. Army and navy estimates were criticized as five and a half times the highest peace time appropriations of 1916.

HIGH SCHOOL FIVE WILL PLAY TONIGHT

Coach Mitchell's Squad Tackle Strong Murrayville Team — Game Only Preliminary to Regular Schedule.

Coach Mitchell's high school basketball five will make its first appearance this evening when it tackles the strong Murrayville high five in David Prince gymnasium.

This game and one to be played next Thursday with Franklin high school are not in the regular schedule of games for the season but are preliminary games for the purpose of getting in shape. The regular season will open January 7th.

Coach Mitchell has twenty men working and there is some excellent material in the bunch. The men probably will all get a chance tonight as Mitchell wants to get a line on what the men will do under fire.

Murrayville has a strong aggregation and has been winning with great regularity this season. Recently they defeated the Centenary team with a number of former high school stars in the lineup. They are confident of being on the long end of the score tonight.

Murrayville has been practicing and playing ever since school started and will have the edge on the locals in this respect. Mitchell's squad will have to play the best basketball they know to be returned the winners of the tilt.

The following men will start the game: Woods, Alexander forwards, Hunter center, Gard and Arter Guards. Coach Harmon of Illinois College will referee. Play will start at 7:45 o'clock.

OHIO VALLEY PLANTS MAKE WAGE CUT

Bellaire, O., Dec. 16.—A wage cut from 46 to 38 cents per hour for all laborers was announced today by four Ohio Valley plants of the Wheeling Steel Corporation. At the same time notice was given of abolishment of extra pay for time over eight hours. Workers had been paid time and a half for work in excess of the eight hour schedule. The cut is said to amount to as much as \$1.98 per day for some workers.

CRANE COMPANY DECIDES DIVIDEND

Chicago, Dec. 16.—A stock dividend of 200 per cent, payable out of surplus, was announced today by the Crane Company manufacturers of structural steel and elevators, to holders of common stock. The dividend has a par value of \$27,000,000. In addition, company officials said a bonus of \$2,200,000 would be divided among its employees. The company had a surplus of \$30,224,898 on December 1, 1919.

RAIDED GAMBLING GAME

Members of the night police raided a crane game one night recently on the second floor of the Buhman building on the north side of the public square. Thirteen men were arrested and in Squire Opperman's court pleaded guilty to charges of disorderly conduct. The fines amounted to \$14.10 for each man. The names given were no doubt fictitious. Capt. Elliott, Patrolmen Williams and Taylor made the arrests. They had been watching the room for several months but have never before had the chance of gaining admission.

FORMER RESIDENT HERE
G. A. Riley of Kane, Jersey county, was here yesterday to attend the funeral of Mrs. Frances Ann Richardson, held at Point church.

URGES INTEREST IN RED CROSS XMAS SEALS

Rotary Governor Expresses Hope That Illinois Will Lead—Letter Sent to Miss Russel.

E. C. Fisher, district governor of Rotary clubs, recently sent the following letter to Miss Miriam Russel of this city, relative to the Red Cross seal campaign. Miss Russel is chairman of the committee which has charge of this campaign locally. This is the letter:

My Dear Miss Russel:

The war is over. There should be one great outstanding purpose in the mind of every man, woman and child in the United States—the mobilization of the girls and the men and women to eliminate the Great White Plague. In this Illinois \$14,000,000! Add to this the suffering, the heartaches, the tendency passed on to future generations, all of which are preventable and then,

THINK, what a reflection on the intelligence and altruistic spirit of our great state.

The sale of Christmas Seals will do much to check the ravages of this dreadful plague. A great work you are doing. Future generations will "Rise up and call you and your kind 'blessed!'"

The 12th District of International Rotary will watch with great interest the sale in your county.

Sincerely,
E. C. Fisher,
Governor 12th District.

Funeral Notice

Funeral services for Mrs. Ella Wiant will be held from the Gillham Funeral Home this afternoon at 2:30 o'clock.

WINCHESTER BOY IS PAINFULLY BURNED

Little Son of Mr. and Mrs. Jack Coe Suffered Painful Accident Tuesday—Leave for St. Louis Market—Other Winchester News.

Winchester, Dec. 16.—Little Jack Coe, son of Mr. and Mrs. John Coe, met with a painful accident Thursday morning, when he was burned by hot grease on the hands and arms and the lower part of his face. Dr. Fletcher attended the little fellow, and while his injuries are not serious they are of a very painful nature.

Mrs. H. H. Fletcher left Thursday for Quincy to visit her parents, Rev. George Murray and wife, and also other relatives.

The many friends of Dr. George Straight will be glad to know that he was somewhat improved Thursday. He has been ill for several days with inflammatory rheumatism.

John Dahman, Thomas O'Connell and James Edmonson left on an early train Thursday morning for St. Louis with hogs and cattle for the market.

Mrs. Thomas O'Connell and Mrs. J. W. Eckman were visitors in Jacksonville Thursday.

Wesley Henson and wife motored to Jacksonville Wednesday on business.

Luther Mason of Peoria visited his parents, Mr. and Mrs. Robert Mason, here Thursday, leaving Thursday night for Jacksonville. Mr. Mason is a traveling salesman by occupation.

The Ladies Aid of Lynnville Christian church will hold a market at the Jacksonville Plumbing & Heating company's store, West State street, Saturday, beginning at 1 o'clock. Dressed chickens, bread, cakes, pies, etc., will be offered for sale.

NEED TO FIGHT SAN JOSE SCALE

John A. Groves who is interested in all problems relating to agriculture and horticulture was showing yesterday branches taken from fruit trees and bushes covered with San Jose scale. The investigation Mr. Groves has conducted shows that many bushes and trees are diseased in this way. He says that a solution of lime and sulphur should be used in spraying at this time of year and that it would be very effective in ridding the trees and bushes of the insects which cause the scale.

Mr. Groves also calls attention to the prevalence of chinch bugs and urges that some steps should be taken to get rid of these insects. It is a well known fact that he bugs find protection in overgrown fence corners on the farms and that general cleanup of such places will help materially in a bug destruction campaign.

Children's extra heavy black ribbed hose 25c. All sizes. Tom Duffner's.

FARM LANDS BROUGHT GOOD PRICE

A public sale of farm lands belonging to the J. R. Smoot estate near Clinton was held recently. At this sale 1,443 acres of land was disposed of at a total of \$281,353. Part of the land is in Dewitt county and part in McLean. It is good land but not the highest quality, and the average price was \$195 per acre.

The most interesting fact about the sale was that the land sold totaled \$15,000 more than the price appraisal in October.

PUZZLING PROBLEMS IN FARM SITUATION

J. C. Andrus Expresses Belief That Production Will Be Reduced—Livestock Feeding Shows Losses—Some Feeding Poor Corn.

John C. Andrus of Manchester is one of the most experienced agriculturists and livestock men in Illinois. Mr. Andrus is a recognized authority on various problems relating to the business of farming. Just now Mr. Andrus frankly admits that he isn't very clear just what is going to happen. "Certainly," said Mr. Andrus in conversation, "prices have gone low enough and unless conditions change and farmers are able to secure prices that will pay the cost of planting and raising crops there is certain to be less production."

"The slump in the values of grain and livestock has been tremendous. I have for several months past been feeding cattle and hogs. These animals have eaten so much of the corn that I am glad to pay any man \$10,000 who is willing to shoulder the actual loss on these feeding operations. Reports show great crops but it is a fact that in the lower part of Scott county in Greene, Macon and some adjacent territory that not enough corn has been raised this year to feed the farm animals."

"Already four cars of Iowa corn and two cars of Iowa oats have been shipped in to stations not far from Manchester. I note too that the corn which is coming in from Iowa is not of first class quality, and mighty little in it is fit for seed. There are plenty of indications that good seed corn is going to be a very scarce article next year. So much of the crop in this locality is so poor that there is little or no seed hereabout."

"The poor quality of corn raised locally is due to weather conditions in some instances and because of chinch bug attacks in others. It is not much to expect some reaction from the present low levels for farm products, but conditions have differed so much from general expectations that it really is a difficult matter to talk about the future with any feeling of confidence."

DECORATED FOR CHRISTMAS

Visitors to the Ayers National bank these days find a decidedly Christmas holiday appearance. There are holly wreaths hung above the cage windows and there are several miniature trees. These are by the way, actually growing trees, and so will keep in good condition as long as desired. In the assembly space of the lower corridor one of these trees is used as a table ornament and colored electric bulbs give it a Christmas eve effect.

ELEVATOR SOLD TO LEWIS & COMPANY

Purchase Property of Joy Prairie Company—Bids Received By Directors.

The directors of the Joy Prairie Farmers Elevator Co., held a meeting Thursday in the office of L. S. Doane in the Farrell Bank building and opened bids for the sale of the elevator property. The bid of C. R. Lewis & Co. was the highest and was accepted.

Mr. Lewis offered to pay approximately \$7,600 for the elevator property, which includes a residence. He will also take over whatever stock is on hand at the date of the transfer. Mr. Lewis, with others, is interested in a large number of central Illinois elevators and carries on an extensive grain business.

The Joy Prairie Co., several months ago sold their Concord elevator to Mr. Lewis and his associates.

BRADY BROS.

CONTRACTOR WILLIAMS STORES EQUIPMENT HERE

Frank T. Williams, contractor for the East State street pavement, is preparing to leave Jacksonville next week, having completed his work here. A considerable number of the property owners have paid their paving assessments in accordance with the offer made by Mr. Williams to accept payment at a discount of 6 per cent. The contractor was led to make this offer because of the necessity he has of accepting a 6 per cent discount on the bonds he sells and he concluded to offer the same discount to any property owner who cared to make settlement.

It is understood that the larger property owners have already made settlement on this basis. Mr. Williams is storing his equipment here in Jacksonville, as he does not yet know where he will begin work next spring. His home is in Anderson, Ind., and as there will be no advantage in shipping the equipment to his home city, he is retaining it here.

WOULD CLIP OVER BILLION FROM APPROPRIATIONS

Mondell Urges Cut in the Army and Navy Bills

PARTISAN DEBATE OCCUPIES TIME

WASHINGTON, Dec. 16.—Declaration in the house today by Representative Mondell of Wyoming the Republican leader that congress should cut departmental appropriation estimates especially those from the war and departments, by nearly a billion and a half dollars started a round of political debate that occupied most of the session.

Representative Mondell's criticism of army and navy estimates made in the course of a prepared speech on government finances brought down from Representative Hardy and Connelly, Democrat of Texas from Secretary Baker of the war department and Dannels of the navy department. This led to charges by Representative Mondell, Representative Blanton, Democrat of Texas, and others that the war department head "was spending money not authorized by congress" and that the navy department chief had presented estimates "so extravagant that they cannot be described."

Rigid Economy Urged.

Rigid economy in appropriations to lighten the tax burden was urged by the Republican leader, who said that the total submitted estimates of \$4,653,800,000 should be scaled down by \$1,400,000,000. Army and navy estimates were criticized as five and a half times the highest peace time appropriations of 1916.

HIGH SCHOOL FIVE WILL PLAY TONIGHT

Coach Mitchell's Squad Tackle Strong Murrayville Team. Game Only Preliminary to Regular Schedule.

Coach Mitchell's high school basketball five will make its first appearance this evening when it tackles the strong Murrayville high five in David Prince gymnasium.

This game and one to be played next Thursday with Franklin high school are not in the regular schedule of games for the season but are preliminary games for the purpose of getting in shape. The regular season will open January 7th.

Coach Mitchell has twenty men working and there is some excellent material in the bunch. The men probably will all get a chance tonight as Mitchell wants to get a line on what the men will do under fire.

Murrayville has a strong aggregation and has been winning with great regularity this season. Recently they defeated the Centenary team with a number of former high school stars in the lineup. They are confident of being on the long end of the score tonight.

Murrayville has been practicing and playing ever since school started and will have the edge on the locals in this respect. Mitchell's squad will have to play the best basketball they know to be returned the winners of the tilt.

The following men will start the game: Woods, Alexander forwards, Hunter center, Gard and Arter Guards. Coach Harmon of Illinois College will referee. Play will start at 7:45 o'clock.

OHIO VALLEY PLANTS MAKE WAGE CUT

Bellair, O., Dec. 16.—A wage cut from 46 to 38 cents per hour for all laborers was announced today by four Ohio Valley plants of the Wheeling Steel Corporation. At the same time notice was given of abolishment of extra pay for time over eight hours. Workers had been paid time and a half for work in excess of the eight hour schedule. The cut is said to amount to as much as \$1.98 per day for some workers.

CRANE COMPANY DECIDES DIVIDEND

Chicago, Dec. 16.—A stock dividend of 200 per cent, payable out of surplus, was announced today by the Crane Company manufacturers of structural steel and elevators, to holders of common stock. The dividend has a par value of \$27,000,000. In addition company officials said a bonus of \$2,200,000 would be divided among its employees. The company had a surplus of \$30,924,898 on December 1, 1919.

RAIDED GAMBLING GAME

Members of the night police force raided a game one night recently on the second floor of the Bannan building on the north side of the public square. Thirteen men were arrested and in Squire Opperman's court pleaded guilty to charges of disorderly conduct. The fines amounted to \$14.10 for each man. The names given were no doubt fictitious. Capt. Elliott, Patrolmen Williams and Taylor made the arrests. They had been watching the room for several months but have never before had the chance of gaining admission.

FORMER RESIDENT HERE

G. A. Riley of Kane, Jersey county, was here yesterday to attend the funeral of Mrs. Frances Ann Richardson, held at Point church.

CHANGES AT COURT HOUSE

Various improvements are being made in the office of State Attorney Carl E. Robinson in the court house. The glass partition has been extended to the ceiling, so that the private office and waiting room are separate. Glass

has also been used to replace the panels in the door leading to the hall, thus making the office much lighter than it was before. Joshua Vasconcellos is doing the carpenter work and Patrick Hayes will take care of the painting.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys, if not sold by your druggist, by mail, \$1.25. Small bottle often cures. Send for sworn testimonials. Dr. E. W. Hall, 228 Olive St., St. Louis, Mo. Sold by all druggists.—Adv.

Just received another shipment of those extra fine mens' and boys' 50c four-in-hand ties.

URGES INTEREST IN RED CROSS XMAS SEALS

Rotary Governor Expresses Hope That Illinois Will Lead—Letter Sent to Miss Russell.

E. C. Fisher, district governor of Rotary clubs, recently sent the following letter to Miss Miriam Russell of this city, relative to the Red Cross seal campaign. Miss Russell is chairman of the committee which has charge of this campaign locally. This is the letter:

Miss Miriam Russell, Jacksonville, Ill.

My Dear Miss Russell:

The war is over. There should be one great outstanding purpose in the mind of every man, woman and child in the United States—the mobilization of the girls and the men and women to eliminate the Great White Plague. In this Illinois should lead.

In 1917-1918 tuberculosis cost Illinois \$14,000,000! Add to this the suffering, the heartaches, the tendency passed on to future generations, all of which are preventable and then,

THINK, what a reflection on the intelligence and altruistic spirit of our great state. The sale of the Christmas Seals will do much to check the ravages of this dreadful plague. A great work you are doing. Future generations will "Rise up and call you and your kind 'blessed!'"

The 12th District of International Rotary will watch with great interest the sale in your county.

Sincerely,
E. C. Fisher,
Governor 12th District.

FUNERAL NOTICE
Funeral services for Mrs. Ella Wiant will be held from the Gillingham Funeral Home this afternoon at 2:30 o'clock.

WINCHESTER BOY IS PAINFULLY BURNED

Little Son of Mr. and Mrs. Jack Coe Suffered Painful Accident Tuesday — Leave for St. Louis Market — Other Winchester News.

Winchester, Dec. 16.—Little Jack Coe, son of Mr. and Mrs. John Coe, met with a painful accident Thursday morning, when he was burned by hot grease about the hands and arms and the lower part of his face. Dr. Fletcher attended the little fellow, and while his injuries are not serious they are of a very painful nature.

Mrs. H. H. Fletcher left Thursday for Quincy to visit her parents, Rev. George Murray and wife, and also other relatives.

The many friends of Dr. George Straight will be glad to know that he was somewhat improved Thursday. He has been ill for several days with inflammatory rheumatism.

John Dahman, Thomas O'Connell and James Edmonson left on an early train Thursday morning for St. Louis with hogs and cattle for the market.

Mrs. Thomas O'Connell and Mrs. J. W. Eckman were visitors in Jacksonville Thursday.

Wesley Henson and wife motored to Jacksonville Wednesday on business.

Luther Mason of Peoria visited his parents, Mr. and Mrs. Robert Mason, here Thursday, leaving Thursday night for Jacksonville. Mr. Mason is a traveling salesman by occupation.

The Ladies Aid of Lynnville Christian church will hold a market at the Jacksonville Plumbing & Heating company's store, West State street, Saturday, beginning at 1 o'clock. Dressed chickens, bread, cakes, pies, etc., will be offered for sale.

NEED TO FIGHT SAN JOSE SCALE

John A. Groves who is interested in all problems relating to agriculture and horticulture was showing yesterday branches taken from fruit trees and bushes covered with San Jose scale. The investigation Mr. Groves has conducted shows that many bushes and trees are diseased in this way. He says that a solution of lime and sulphur should be used in spraying at this time of year and that it would be very effective in ridding the trees and bushes of the insects which cause the scale.

Mr. Groves also calls attention to the prevalence of chinch bugs and urges that some steps should be taken to get rid of these insects. It is a well known fact that he bugs find protection in overgrown fence corners on the farms and a general cleanup of such places will help materially in a bug destruction campaign.

Children's extra heavy black ribbed hose 25c. All sizes. Tom Duffner's.

FARM LANDS BROUGHT GOOD PRICE

A public sale of farm lands belonging to the J. R. Smoot estate near Clinton was held recently. At this sale 1,443 acres of land was disposed of at a total of \$281,353. Part of the land is in DeWitt county and part in McLean. It is good land but not the highest quality, and the average price was \$195 per acre.

The most interesting fact about the sale was that the land sale totaled \$15,000 more than the price appraisal in October.

PUZZLING PROBLEMS IN FARM SITUATION

J. C. Andras Expresses Belief That Production Will Be Reduced—Livestock Feeding Shows Losses—Some Feeding Poor Corn.

John C. Andras of Manchester is one of the most experienced agriculturists and livestock men in Illinois. Mr. Andras is a recognized authority on various problems relating to the business of farming. Just now Mr. Andras frankly admits that he isn't very clear just what is going to happen. "Certainly," said Mr. Andras in conversation, "prices have gone low enough and unless conditions change and farmers are able to secure prices that will pay the cost of planting and raising crops there is certain to be less production."

"The slump in the values of grain and livestock has been tremendous. I have for several months past been feeding cattle and hogs. These animals have eaten so much \$2 corn that I will be glad to pay any man \$10,000 who is willing to shoulder the actual loss on these feeding operations. Reports show great crops of corn in Iowa and Illinois but it is a fact that in the lower part of Scott county in Greene, Macon and some adjacent territory that not enough corn has been raised this year to feed the farm animals."

"Already four cars of Iowa corn and two cars of Iowa oats have been shipped in to stations not far from Manchester. I note too that the corn which is coming in from Iowa is not of first class quality and might little in it is fit for seed. There are plenty of indications that good seed corn is going to be a very scarce article next year. So much of the crop in this locality is so poor that there is little or no seed hereabout."

"The poor quality of corn raised locally is due to weather conditions in some instances and because of chinch bug attacks in others. It is not much to expect some reaction from the present low levels for farm products, but conditions have differed so much from general expectations that it really is a difficult matter to talk about the future with any feeling of confidence."

F. J. WADDELL & CO.

DECORATED FOR CHRISTMAS

Visitors to the Ayers National bank these days find a decidedly Christmas holiday appearance. There are holly wreaths hung above the case windows and there are several miniature trees. These are, by the way, actually growing trees and so will keep in good condition as long as desired. In the assembly space of the lower corridor one of these trees is used as a table ornament and colored electric bulbs give it a Christmas eve effect.

ELEVATOR SOLD TO LEWIS & COMPANY

Purchase Property of Joy Prairie Company—Bids Received By Directors.

The directors of the Joy Prairie Farmers Elevator Co., held a meeting Thursday in the office of L. S. Doane in the Farrell Bank building and opened bids for the sale of the elevator property. The bid of C. R. Lewis & Co. was the highest and was accepted.

Mr. Lewis offered to pay approximately \$7,600 for the elevator property, which includes a residence. He will also take over whatever stock is on hand at the date of the transfer. Mr. Lewis, with others, is interested in a large number of central Illinois elevators and carries on an extensive grain business.

The Joy Prairie Co., several months ago sold their Concord elevator to Mr. Lewis and his associates.

BRADY BROS.

CONTRACTOR WILLIAMS STORES EQUIPMENT HERE

Frank T. Williams, contractor for the East State street pavement, is preparing to leave Jacksonville next week, having completed his work here. A considerable number of the property owners have paid their paving assessments in accordance with the offer made by Mr. Williams to accept payment at a discount of 6 per cent. The contractor was led to make this offer because of the necessity he has of accepting a 6 per cent discount on the bonds he sells and he concluded to offer the same discount to any property owner who cared to make settlement.

It is understood that the larger property owners have already made settlement on this basis. Mr. Williams is storing his equipment here in Jacksonville, as he does not yet know where he will begin work next spring. His home is in Anderson, Ind., and as there will be no advantage in shipping the equipment to his home city, he is retaining it here.

STOCK SUIT IS ON TRIAL
Arthur Swain Claims Loss Suffered From Delay in Movement of Stock Shipment.

In the circuit court Thursday the trial of Arthur Swain vs. Walker D. Hines and the Chicago & Alton R. R. began. In this suit the complainant is alleging damages in the sum of about \$600, charging that a shipment of stock delayed in transit occasioned him this amount of loss.

Mr. Swain is represented by W. N. Hairgrove and the attorneys for the railroad are Wilson & Butler. The jurors in the case are J. E. Ballard, Herbert Cassell, Clyde Black, L. V. Seymour, James Pfeil, G. N. Sargent, Fred Muntman, Casper Blumling, Roy Clark, Harrison Davenport, Albert Unken and H. G. Cully.

LIKES LIFE IN NAVY
William Harlow has arrived in Jacksonville on a two weeks' leave of absence from the navy and will spend his vacation with his parents, Mr. and Mrs. Floyd Harlow, and his grandfather Oliver Crooks, on Chestnut street. The young man, who enlisted in the navy at the Great Lakes station nearly two years ago, is now stationed on the Nevada at Portsmouth. The Nevada is a part of the Pacific squadron. The Jacksonville young man is in exceedingly good health and likes the navy very much.

There may be a few more young women next semester who will want to work for board and room in good homes while attending Illinois College. Families interested are asked to communicate at once with Dean G. H. Scott. Ill. phone 206.

Make This Comparison

Before You Buy Your Phonograph

DON'T buy a phonograph, any more than an automobile, without a demonstration. Name isn't all nowadays, as it used to be, when phonographs were a novelty.

MUSIC-LOVERS know the real way to test—and that is by tone. The ear picks out superiority quickly. Naturalness is easily appreciated.

We encourage comparisons. We invite you to hear THE BRUNSWICK, then to hear others. We leave final judgment to you. And we rarely lose a sale, when a comparison is made.

This accounts for the great popularity of THE BRUNSWICK here and the nation over. It goes into the homes of the most critical because of its overwhelming merit.

It has numerous features unobtainable elsewhere. Such as the ULTONA, the all-record reproducer. And THE BRUNSWICK TONE AMPLIFIER, built entirely of wood, so as to end metallic sounds forever.

HEAR THE BRUNSWICK NOW—even if you are not quite ready to buy.

GRACE WOOD JESS

DELIGHTS AUDIENCE

Singer of Folk Songs Repeats Former Triumph—Shows Exquisite Art in Interpretation of Program.

To individuals of the vast number of "platform" people in our land it often happens that in the audience before them there will be a familiar face. Such individuals often express themselves as being inspired by such an occurrence and the "familiar face" brings out all that is best that such a performer has to offer.

Rarely in the life of an artist can it be said that each face in an audience is a familiar face. But this unusual situation confronted Mrs. Jesse when she presented her program of folk music last night.

Jacksonville has given to the world a number who have carved names high and the interest of the community follows such sons and daughters whither-so-ever they go; and when the community has an opportunity to show its appreciation, en masse, of the success of one of its members of society, royally does it respond.

The audience of last evening was composed of music lovers and devotees, of those "who know what they like" but are not musicians; and of others who were drawn to Music Hall by ties of friendship, or of interest in the very unusual form of program offered.

Mrs. Jesse has entered a field that is certainly not overworked. To be able to present the simple songs of the heart that have welled up among a people is no light art. And to the satisfaction of these present last evening she proved that she does not treat this art lightly.

From the moment that she began the songs of the Kentucky Mountain Folk she held her audience.

The number in which she accompanied herself, playing the dulcimer of the Kentucky Mountain, made an especial appeal. Local color was given by the beautiful costumes which she wore; but the art of her interpretation did not belong to gowns and draperies. The charm of her work lay in the degree to which she lent her whole personality including her well trained and well modulated voice, which was as pleasing in her words of explanation as in her unique songs.

Perhaps that feature of interpretation most in evidence aside from the delivery of the songs themselves, lay in a pair of wonderfully beautiful and expressive hands which she used to marvelous advantage. Such hands might well be the envy and despair of a pianist.

Mrs. Jesse had the sympathetic support of Mrs. Bretz at the piano.

In the French legend of the Christ, which made the largest appeal of the evening, Mrs. Jesse had the added support of organ accompaniment played by Mr. Pearson.

The program was supplemented by the singing of "The Big Brown Bear."

Preceding the program Miss Maria Fairbank, Regent of Rev. James Caldwell Chapter, R. A. R., made the following brief introductory remarks:

"After the musical given by Mrs. Grace Wood Jess last November on every day were heard of pleasure, and many said to me, 'A most delightful evening. Whenever you repeat it, you will find me in your audience.'"

"We have taken you at your word and looking over this audience I know that your memory has been pleasant and your words genuine."

"There are many things for which the Rev. James Caldwell Chapter may call itself fortunate—the personnel of the Chapter, a fine group of women, actively interested in the work of the D. A. R., and in the good of the community, both within and without our gates."

"For the possession of our beautiful Chapter House a constant and everygrowing source of delight, and most of all for unity has had a large part in making possible the purchase of the Gov. Joseph Duncan Memorial for a Chapter House, historical museum and community center and who again tonight are showing substantial interest in our work."

"Also that we have been able to again secure Mrs. Jess for our evening's entertainment. We permit you, not the same enjoyment as last year, but a new one for the year has been to her one of artistic growth and development."

The ushers for the concert were: Misses Anne Bellatti, Catherine Barr, Marjorie Black, Dorothy Black, Florence M. Cobb, Florence McKnight, Jeanette Russell, Hazel Strawn, Mary Jane Wadsworth.

MORE PROPERTY CHANGES IN PROSPECT
Elliott Bank Buys East Side Store Building To Exchange For Property Occupied By Long Pharmacy.

A deed was placed on record recently showing the transfer of a building on the east side of the square from Miss Mary Rhoads and others to Elliott State bank interests. The building is occupied by the William Floreth Dry Goods Co. It is understood that at a later date the building will be transferred to J. A. Long proprietor of the pharmacy adjoining it on the north.

As recently noted, the Elliott State bank secured an option on the store room Mr. Long now occupies and will purchase the building. In accordance with the agreement made with Mr. Long and his father-in-law, Mr. Duewer, the building Mr. Floreth occupies will be sold to them when the building in which the Long pharmacy is located passes to the Elliott State bank.

As before indicated, the building J. Herman occupies, together with the building which now houses the Long pharmacy, will later be wrecked and replaced with a modern bank building for the Elliott State bank. The preliminary plans for this building have been made altho construction work will probably not begin until 1922. While the building will be exclusively for banking purpose it will be several stories in height. The leases with Mr. Herman and Mr. Floreth have not expired.

"LaCox" Cigars, best for Xmas gifts. At all dealers, or call Ill. 1033.

RAISED HUGE POTATO CROP
O. J. Bentley of Wausaukee, Wis., formerly of Jacksonville, and recently here on a visit with his brother, D. L. Bentley, 801 Lafayette avenue, is offered by Wausaukee, Wis. as the champion quantity potato grower of the United States.

Mr. Bentley this year raised 1,100 bushels of Rural New York potatoes on two acres of land. The remarkable thing about the accomplishment is that there was no special method employed, no commercial fertilizer used.

"I knew that it was strange land," said Mr. Bentley, "so I planted the potatoes thick and let them alone."

The two acres had been used for a number of years as cow pasture land. This of course improved its fertility. The previous year Mr. Bentley planted it to peas, which leguminous crop also added to the fertility. Potatoes came next in his rotation plan. Mr. Bentley moved to Wausaukee from Jacksonville six years ago.

HOTEL CLERK CHARGED WITH JEWELRY THEFT
M. O. Kiel in Jail Here—Said to Have Taken Belongings of Judge Montgomery—Arrested on Wedding Day.

M. O. Kiel is a prisoner at the county jail, charged with the theft of a grip containing jewelry and papers, the property of Judge S. B. Montgomery of Quincy. He was brought here from Quincy last night. The theft, it is alleged, took place while Kiel was serving as night clerk at the Dunlap hotel here last October. A woman delegate to the state conference of charities and corrections here, by error took Judge Montgomery's grip from a Wabash train to the hotel. There she discovered her mistake, but it was not until the following day that the grip was returned to the Wabash station and forwarded to Quincy.

When the grip arrived, Judge Montgomery found a number of articles missing, including some valuable jewelry. The case was reported to Wabash officials and Special Agent R. C. Merkle was assigned to the job of tracing down the thief and recovering the stolen property.

The detective unearthed a clue in a Jacksonville jewelry store, where Kiel had left a pair of cuff buttons, set with diamonds. Following this clue, the detective located Kiel in Des Moines, Iowa, Tuesday of this week. He was placed under arrest and agreed to return to Illinois without requisition papers. One strange fact about the case is that Kiel had been married to a Des Moines girl just six hours prior to his arrest. The young man was not employed in Jacksonville but a few months. He came here from Iowa and had been well recommended.

Basketball tonight, K. C. vs. American Legion of Virginia, Liberty Hall, 7:30.

EDGAR-MASTERS WRITES GREAT NOVEL
"Mitch Miller" is the title of a novel by Edgar Lee Masters, which is attracting wide-spread attention. The book has been published by the McMillan Co. and reviewers in the Boston Transcript, Literary Digest, the Bookman, the New York Times, the Literary Review and other publications of like prominence have given unstinted praise. According to these critics "Mitch Miller" is the best boy story of a generation and will rank with Tom Sawyer and Huck Finn. Mr. Masters, who is a Springfield product, is known to a great many Jacksonville people. He is a cousin of Arthur M. Masters.

Several years ago the author's "Spoon River Anthology" caused something of a sensation. The book gave proof of Mr. Masters' ability, but was entirely different from his new book. One of the best of the critics in an extended review of "Mitch Miller" said: "Nothing clearer in describing the virtues of Mr. Masters' story could be said than this by William Marion Reedy before his death: 'It's a boy's story told in boy lingo and great stuff. It's another Tom Sawyer and Huck Finn.'"

No one who has ever been a boy can fail to respond to such writings with all his heart. The story had such different tempo; now swift, now languidly, garrulously. The time, is maybe, the very late seventies and early eighties. I recognize it. The locale is the Lincoln or, shall we say, the spoon River country which Masters has immortalized

Special Representative Tell
Why It Has Become Mos
Talked of Medicine in the
World Today.

NO GREAT MYSTERY
ABOUT IT, HE SAYS:

Merit Alone Has Confirmed
It in the Minds of the Peo
ple All Over the American
Continent.

W. B. Logan, special representative in the State of Illinois for Tanlac, the medicine that has created such a sensation all over the United States and Canada gives some highly interesting facts about Tanlac and the remarkable results achieved by it. "Contrary to popular opinion," he stated, "there is no great mystery about Tanlac, except in so far as the chemistry of the human body itself and what it does with substances taken into it, is a mystery. Some of the ingredients of Tanlac have been known and used as medicines for centuries. Others are of more recent discovery but every one of them is of recognized therapeutic value and used by the medical profession everywhere. Tanlac is simply a co-mingling of these medicinal elements in a way hitherto unknown and which brings out their curative and reconstructive powers to a most remarkable degree. Briefly, it allays irritation of the stomach, strengthens the digestive and assimilative organs, builds up and revitalizes the whole system and gives the body new powers of resistance and strength. Gratifying gains in weight are not uncommon, especially where a person has suffered from under-nourishment brought on by dyspepsia, indigestion, illness, operation or other causes.

"It is a demonstrated fact in medical science that the stomach

is the starting point of most of the ills that afflict the human body, and many of the so-called diseases are not diseases at all, but reflex symptoms of stomach derangements of the weakened condition of the body that naturally follows. Some kinds of rheumatism, gastritis, palpitation, nervousness, kidney disorders and liver complaints are among the more common troubles developed through the stomach. Scores of other diseases have been traced to the same source.

"Tanalac was made especially to overcome these stomach complaints and the various so-called diseases and symptoms that follow them, but the astonishing reconstructive powers revealed by it have not only astonished the general public, but have somewhat surprised even the originators of the medicine themselves. Thousands of letters reach the Tanlac offices from all parts of North America telling of remarkable results derived by people who have suffered for years without being able heretofore to find relief.

"Naturally these remarkable achievements have spread the name of Tanlac to all quarters of the continent, and the demand for it has necessitated working the laboratories night and day.

"The tremendous popularity of Tanlac grows steadily and instead of diminishing and can be explained in only one way—merit. Its remarkable restorative effects seem to be more permanent than hitherto believed possible. Thousands of persons who took it when it was first introduced five years ago report that they are still enjoying excellent health and millions of American homes are now using Tanlac as the family medicine after having first tried it out thoroughly."

Tanalac is sold in Jacksonville by J. F. Shreve Wyle Drug Co., Franklin and Waverly and leading drug stores everywhere.—Adv.

RECOMMENDS STRICTER IMMIGRATION LAWS

State Director of Labor Barney Cohen Favors Tightening Up of Laws and Nation-Wide Method of Alien Distribution—Investigated Conditions at Ellis Island.

Springfield, Ill.—Stricter immigration laws and a nation-wide method of alien distribution are recommended by State Director of Labor Barney Cohen in his annual report submitted to Governor Lowden. Mr. Cohen returned a short time ago from a personal investigation of conditions at Ellis Island, N. Y., the main port of alien entry.

Mr. Cohen also advised the adoption of legislation in Illinois to determine what unemployment exists in the state for regulation of immigration in Illinois.

The head of the state department of labor said he designed his report "to present neither the standpoint of labor or capital, but rather the standpoint of the entire state. The state will prosper only as both employer and employee prosper. An immigration policy which is fair to both employer and employee—they being the two parties which have most at stake—should be, and probably will be, fair to the entire commonwealth."

Proposals Summarized.
Mr. Cohen thus summarized his proposals:
"Changes in the 'sieve' designed by the state."

"Changes in the method of distribution."

"Changes in law—whether the federal immigration law or state laws designed to have an influence on immigration."

"In an attempt to make the meshes of the 'sieve' finer," Mr. Cohen writes, "my principal recommendation has to do with an increase in the number of representatives at the docks, on shipboard and at prominent foreign embarkation points."

"Representatives on shipboard should be obliged to devote greater attention to the determination of the unfit. Medical examinations should be extended and the physical unfit segregated. Suspected anarchists, Bolsheviks or trouble-makers could be further examined and preparation made to bond them for good behavior on their arrival."

"Representatives at prominent points of embarkation might be under officials connected with the embassy, with the duty of seeing that a suitable class of emigrants is allowed to come to America."

A Systematic Distribution.
Regarding method of distribution, Mr. Cohen says, "Immigrants should be diverted to the right place, wherever possible. This should be done by a systematic and scientific scheme of distribution in which a representative of the state is kept informed of the needs of the state and is able to divert such aliens as might be of benefit to the state to the proper locality. Such representative to be stationed at the points of entry and to co-operate with the Federal officials."

Recommending legislation for Illinois the state director of labor said: "There is a great need of a law which will give the Illinois

department of labor a definite idea as to the number of workers out of employment in the state.

The Rehabilitation law will eventually show, roughly, the number of workers employed in given industries. At the present time, however, we have no means of knowing, outside of reports sent in weekly by free employment offices, what lines are affected by layoffs and general business depression.

"I therefore recommend a law which would make it necessary for the employer to report to the department of labor any layoff of workers—as five per cent or more of the entire force. The information so secured could be forwarded to the federal department of labor, and other states having similar legislation could make similar reports. These figures, assembled in the department of labor at Washington, would give information of the greatest value to those interested in immigration."

"Such figures would show whether or not a worker in a given trade could find work in the state to which he proposed going, or whether he would merely be an addition to the army of unemployed. In this manner it would be possible to divert immigrants to such sections of the state or country as would be able to employ them to best advantage."

Should Pass Law in Illinois.
"Even the no co-operation is established with the federal department of labor, such a law should, I believe, be passed in Illinois."

Arguing for a finer 'sieve' to keep out the physically unfit Mr. Cohen quotes figures prepared by the department of public welfare on "Insane in Illinois State Hospitals." A drop in the number of patients in state hospitals in 1917, 1918 and 1919 evidences, Mr. Cohen says, "that with the restriction of immigration there was also a similar drop in the population of Illinois state hospitals."

"All means of transportation from foreign countries is heavy," Mr. Cohen concludes. "It is safe to say that from five hundred to a thousand times the number of people arriving daily would come to America were there any possible way of their getting here. Then too, many who have returned to their native countries during the war are now coming back to America."

"From figures obtained while in New York I learn that during the fiscal year beginning July 1, 1919, to June 30, 1920, 16,964 immigrants from five countries were admitted, while 17,951 emigrant aliens departed, making a loss to the state of 987 persons. Many of these will return so throwing the balance the other way."

ANNOUNCE MORE REDUCTIONS
East Hampton, Mass., Dec. 15.—The West Boylston mills of this town posted notices announcing a reduction of wages next week. The order affects about 2,000 employees.

CHAPIN SOCIETIES IN REGULAR SESSION

Woman's Club And Household Science Club Met This Week—Other Chapin News Notes Of Special Interest.

Chapin, Dec. 16—Mrs. Z. Fox very delightfully entertained the Woman's Club on Tuesday afternoon with fifteen members and five guests present. At the response of the Roll call, "Illinois Pioneers" and statesmen were named. The minutes were then read and approved. It was then voted to dispense with the second meeting in December. During the business session the following officers were elected for the coming year: President, Miss Amy Onken; Vice-president Mrs. Alfred Anderson; Secretary and Treasurer Mrs. Harry Onken. A paper on "Early History of Illinois" was then read by Mrs. Fred Craven. Miss Isabelle Fox then pleased the ladies with a musical reading. Mrs. E. E. Sidles read a paper prepared by Mrs. Scott "Illinois Educational Development" which was very instructive. "Christmas in Different Lands" was the subject of a most interesting paper then read by Mrs. C. F. Duckett. A social hour then followed at which time the hostess served delicious refreshments. The next meeting will be held January 12, with Mrs. Ernest Nieuhueser.

The Household Science Club was invited to a noon-day lunch-

con at the home of Mr. and Mrs. H. O. Smith on Wednesday afternoon, December 15. There were seventeen members and four guests present to enjoy the hospitality of the hostess. After the luncheon the meeting was opened by the singing of the club song, "Illinois." The minutes were read and approved, after which the time was given to Mrs. Adams of Jacksonville who spoke on the work of the Anti-Tuberculosis society and the need of the funds to carry on the work in the county. A vote of thanks was given her coming and giving us the interesting talk. Also a vote of thanks was given the hostess for the delicious luncheon. The next meeting will be held January 5, at the home of Mrs. Fred Craven.

Mr. and Mrs. Andrew Allen were shopping in St. Louis Monday. The G. O. T. Club met with Mrs. Rose Clark on Monday evening. The evening was spent with Progressive rock. Delicious refreshments were served during the evening. The Chapin basketball team played Bluffs at Bluffs Wednesday night. The score resulting 15 to 14 in favor of Bluffs ten minutes overtime was played. The funeral of Chas. W. Cull was held Tuesday morning at ten o'clock from the Christian church at Chapin. The pall bearers were Charles and Frank Holliday, Carl Filson, Donald Duckett, Fred Craven and Harry Waters. Rev. Mr. Middleton had charge of the services. The flowers were cared for by Misses Bernice Scott and Ollie Medlock. Interment was made at Versailles, Illinois.

MANCHESTER SCHOOL FLUSH AFTER SOCIAL

Sale of Boxes at School Entertainment Nets \$90—Several Prizes Awarded.

Manchester, Dec. 16.—An event held in the school building and given by the high school proved to be quite a successful one. The net proceeds were a little more than \$90. The attendance was very good, the program excellent, the number of boxes plenty, while order of a superior quality was a prominent feature during the entire evening. The singer, Mr. Davis, from the M. E. church, was present and gave two good recitations and two beautiful songs. His presence added much to the pleasure of the event. In the awarding of prizes Miss Cecil Edwards won the box of candy as the most popular girl, while A. L. L. (teacher) was given the pie for the best looking man present. Splendid vocal music was furnished by the school boys.

Claude Griffiths of Roodhouse attended the box social here Friday night.

Visitors to Jacksonville recently were, Miss Florence Lemon, Hazel Mae and Fay Greenwalt, Dovie Smith and Mr. and Mrs. G. W. Cooper.

Harmon Greenwalt arrived home Monday from Champaign, Ill., for the Christmas holidays.

Among those shopping in Jacksonville Tuesday were, Mrs. Tressa Brown, Mrs. Ella Heaton, Mrs. E. A. Lashmet, Mrs. Karl Vanderpool and Howard Langdon.

The meetings at the M. E. church are progressing wonderfully well. A fine line of sermons is delivered each evening and many are there to hear. This week cottage prayer meetings are held in the homes. Tuesday, with Mrs. Belle Potts, Wednesday with Mrs. W. H. Weiss and Thursday with Mrs. V. A. Hughes.

Mrs. Ella Goodall is having dental work done in Roodhouse.

Mrs. M. S. Howard spent Monday night and Tuesday in Roodhouse with her daughter, Mrs. Florence Whitworth.

Miss Florence Lemon, who teaches at Akers school, has only about five pupils left at present, the others all being out with measles.

Mrs. S. A. Wilson and Sarah Travis visited at Jacksonville Tuesday.

Ray Swartwood and wife of Waterloo, Ia., and Mrs. Floyd Hazel Wood of Rolla, Mo., were guests of their aunt, Mrs. Laura Blackburn, also of Earl Blackburn and wife, from Friday until Tuesday, when they returned to White Hall to spend Christmas with their parents, Mr. and Mrs. I. W. Swartwood.

Remember the revival services are to begin at the Christian church Dec. 20.

Clayton Hudson and family were visiting near White Hall Sunday. Little Jack Heaton, son of Mr. and Mrs. Chas. Heaton, has been ill for several days and unable to attend school.

Two of Robert Van Lyle's children have been very ill, but are now better. Bronchial trouble was their ailment.

The Royal Neighbor lodge, Camp Dawson, met Saturday evening and elected the officers for the coming year. They served a goodly attendance brick ice cream and cake. M. L. Robinson bought a bunch of cattle Monday for feeders.

Many women have racked their brain over the question, "What shall I give him?" Here's an answer: A BRAXTON Belt. He will esteem your thoughtfulness every day. These are sold by FRANK BYRNS Hat Store.

Jacksonville Chapter No. 3 R. A. M., will hold a special convocation this evening at 7:30 o'clock. WORK. Visiting companions welcome.

W. J. Spillman, E. H. P. John R. Phillips, Secy.

NOTICE TO EAST STATE STREET PROPERTY OWNERS
I am compelled to leave Jacksonville by Wednesday, Dec. 22. That date therefore will be the last upon which property owners can make payment and receive a ten per cent discount of their bills.

MUCH LUMBER USED BY AMERICAN TOY MAKERS

Close to 30,000,000 Feet of Lumber Used This Year for Toys is Estimated—Home-Made Article Fast Replacing the Foreign.

Washington, Dec. 15.—By the Associated Press.—Some idea of the extent to which foreign-made toys have been replaced in America by the home made article is given by the estimate of the American Forestry Association that close to 30,000,000 feet of lumber was used this year by American toy makers.

By adding the millions of toys made from this wood to the enormous quantity made of other material, the Forestry Association says some idea of the immensity of the industry will be gained. If the buying public will "look for the label," it adds, the foreign article will be eliminated. "The main consideration which holds wood in its place as toy material is not cheapness," says the association, "but that it has something to do with it. Articles of large size would be too heavy if made of metal, but many articles are made of wood because it is the best, irrespective of cost or weight. Sleds are a good example."

Children are the arbiters of toy-kinds and style. They imitate what they see around them and toy makers recognize this fact. The manufacturer supplies what the child wants by making a class of objects which may be designated as educational. Another class, imitating things seen in real life is recognized as architectural. A third has to do with the trades and the tools and machines for carrying them on. A well defined group is based on the use of musical instruments. Boats, rafts, canoes, and such things as float and are useful have been responsible for toys based on water craft.

Children are familiar with furniture and they easily recognize two classes, one for the kitchen and one for the living room, and these go under the list of furniture toys. Animals and birds and creeping things form another class grouped as natural history. Still another kind which is very common belongs in the class of games and amusements.

The waste problem in toy making is not a serious one as says

the Forestry Association, because most of the pieces used are small and what does not do for one thing will, as a rule, do for something else.

Better than pre-war prices Ladies All Silk Holeproof Hose, \$1.50. All colors, at Tom Duffner's.

THE NORTH END SOCIAL CLUB

The North End Social Club met in their regular meeting with Mrs. Steward, on Arnett street, Wednesday afternoon. Guests for the afternoon were: Rev. and Mrs. Hackley, Mrs. Bolden and Mrs. Davis. Mrs. Ada Cooper read an excellent paper, subject, what part in church shall a mother take to help her daughters. Miss Ruth Thorp presented each with a card of Xmas Greetings. During the social hour refreshments were served by the hostesses, Mrs. Steward and Mrs. Bryant. Adjourned to meet with Mrs. Charley Steward Allen Avenue, January 19, 1921.

2.50 Value Ladies All Silk Holeproof Hose, \$1.50, at Tom Duffner's.

**WHITE HALL MOVEMENT
PROVES SUCCESSFUL**

Go to Church Movement Brings Substantial Increase in Attendance at Church Services Sunday — How Plan is Viewed From a Distance.

White Hall, Dec. 16.—The first Sunday following the launching of the Go-to-Church movement at White Hall showed a substantial increase in attendance at all the church services, and this, too, before any definite plans had been put in operation to make churchgoing more of a habit with the people of the community. The movement is a secular one, and with the publication of the formation of the organization and its objects have come comment of the most promising nature. The idea is wholly original and its objects have come to develop their work for presentation to the public aim to make clear that all sectarianism and vague ideas of reform are to have no recognition whatever; that the sole idea is to induce more wholesome support of the churches and attendance upon the services, and then it is up to the church to hold the attendance and interest and gain recruits.

F. D. G. Walker of Chicago, state secretary of the Christian

Endeavor society, was in town Sunday, and became so impressed with the movement that he asked to be kept informed of its progress. This indication that with substantial results in the town where the move had its origin, there will grow a movement that is infinite in its possibilities, according to a statement of Rev. Arthur F. Ewert, who can be quoted without any show of church preference, as Rev. Arthur F. Ewert will go to Chicago in two weeks, and there he will not lose an opportunity to use the ideas in his new field as pastor of the Eighth Presbyterian church.

Certain citizens of Roodhouse are considering an organization there to become affiliated with the parent organization at White Hall, and by this means a friendly rivalry will be developed between the two neighboring cities feeling the organization in the retarded operation of its aim and objects.

One little experimental item was injected in the service of one church last Sunday evening in the presentation from the pulpit of an important news report covering the burning of Cork, by way of determining among the multitude of items what will be the most productive of results.

Ebby's Comment.
Here is one communication that will show how the movement is viewed from a distance:

Hamlet, N. C., Dec. 12, 1920.
My Dear Mr. English:

The White Hall paper came today, and the first page conveys your slogan, "Go to Church." I'm writing to compliment you on the movement, and you'll do some good if your committees stay on the job.

The church is the lone star that is showing the way today. The war period slackened interest and slowed down the great gospel machinery, but she'll be on her feet in the golden some time.

The church is the place to teach our boys to hate shams. They are walking the highways of this life in ghostly affection of greatness. The church must teach him to be content with success; for as I go further along life's pathway, I find it strewed thicker and thicker with the wrecks of men who were almost successful. Just a little more faith, a little more courage, a little more character, and all would have been well.

The church must teach him to be in love with some great truth, tenderly to woo it, bravely to marry it for better or for worse, and then faithfully to guard it as long as life shall last.

The church must teach him, although we are poor in the way of gold, we need men a thousand times more than we need money, and that we have the material here on this old ball of mud to make them out of.

The church must teach him to be nothing but true, to fear nothing but virtue, truth and God. It's mainly to go to church, and many a fellow don't go because he thinks the church don't care about him. What we need today is some of the old-time religion. The church folks should meet the other fellow half way—yes, rub elbows, shake hands, smile, and if necessary sing from the choir loft "You're as welcome as the flowers in May."

I'm going to Raleigh this evening to deliver an address at the Railroad Y. M. C. A. at 8 p. m., and I'm writing you to say that your new effort has changed my thought for this evening. My subject tonight will now be "Lay away your hammer and boost for the church."

I surely trust that your efforts will bring the boys to church. Sincerely,
Bill Ebby.

PUBLIC SALE

On Saturday Dec. 18 1 p. m., all of the furniture, household goods and other personal estate of the late Hannah K. Phillips will be sold at public auction at the residence, corner of Diamond and Grove streets.

**EASTERN STAR
ELECTS OFFICERS**

Murrayville Chapter Selected Officers for Ensuing Term—Legion Post Has Election—Other News Notes.

Murrayville, Dec. 16.—Murrayville Chapter of O. E. S. met Friday evening and elected officers for the ensuing year. The following were elected:

Worthy Matron—Mrs. Iva Short.

Worthy Patron—C. R. Short.

Associate Matron—Miss Mildred Wright.

Secretary—Mrs. Ruth Robinson.

Treasurer—Mrs. Fannie Sooy.

Conductress—Mrs. Mabel Walker.

Associate Conductress—Mrs. Mae Cade.

Harry Phelps and family moved to Jacksonville Wednesday.

Miss Helen Rousey spent the week-end with relatives in Manchester.

Thomas Ramsey of Hinton, W. Va., came Sunday to spend the holiday season with his mother, Mrs. Lella Ramsey and sister, Miss Eva.

Mr. and Mrs. Alex Lovell visited their daughter, Mrs. W. W. Walker and family in the country Sunday.

Mr. and Mrs. James Finch and daughter of Jacksonville were guests Saturday of Mr. and Mrs. B. F. Couchman.

H. B. Rimbey went to Carrollton Monday where he will build a barn for John Spencer.

The W. F. M. S. met Friday afternoon with Mrs. Rees Jones.

Messrs. J. W. and W. E. Wright were business visitors in Peoria Tuesday.

Mrs. Fred Still has been on the sick list the past week.

Mrs. S. A. Bracewell, Mrs. Charles Still and Miss Eleanor Crouse were given the Rebekah Degree Tuesday evening.

William Jackson of Missouri spent several days last week with friends here.

The M. E. Sunday school will have an entertainment Christmas eve to which everybody is invited.

The American Legion Post No. 311 met Tuesday evening and elected the following officers for the ensuing term:

Commander—Ira Story.

Vice Commander—James Lawless.

Adjutant—Gay Smith.

Treasurer—Arthur King.

Service Officer—Dr. J. H. Spencer.

Chaplain—Chester Colton.

Historian—Archie Stansfield.

Athletic Officer—William Osborne.

Sergeant at Arms—Ray Henry.

The members of the Epworth League enjoyed a social in the church basement Thursday evening. A good attendance was present and the event proved one of much pleasure.

The Rebekah lodge held their semi-annual election Tuesday evening and the following officers were elected:

Noble Grand—Mrs. Iva Short.

Vice Grand—Mrs. Sarah Wade.

Recording Secretary—Mrs. Lilah Still.

Financial Secretary—Miss Mildred Wright.

Treasurer—Miss Bess Haynes.

Deputy—Mrs. Mary E. Wright.

Pianist—Miss Helen Rousey.

Mrs. G. M. Cunningham of Woodson spent Monday with her mother Mrs. Hannah Tindick.

Months

THE first thing you want in foods—and the all important thing is purity. Cost—taste—everything else is of minor consideration.

Foods should be nourishing. That's what they are for—to build up strong, sturdy bodies.

Calumet Baking Powder is pure in the can. It is made in the largest, cleanest, most modern Baking Powder Factories on earth—only of such ingredients as have been officially endorsed by United States Food Authorities.

KEEP your baking costs down

HERE'S THE BEST WAY

USE CALUMET BAKING POWDER

BEST BY TEST

It's pure in the baking. Calumet never fails to produce the sweetest and most palatable of nourishing foods.

It has more than the ordinary leavening strength. You use less of it. That's one reason it is the most economical of all leaveners.

Another reason is—it is sold at a moderate price—you save when you buy it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Waffle

Recipe:
2 1/4 cups sifted pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 teaspoon salt, 1 1/2 cups milk, 1 tablespoon sugar, 2 tablespoons melted butter, 2 eggs beaten separately. Then mix in the regular way.

**Kingnut
MARGARIN***"for people of taste"*

For baking powder biscuits use Kingnut in preparing them and as a spread.

*For the Table Use
of Particular People*

The delicate flavor and the smooth texture of Kingnut appeals at once to people used to the best of everything on their table.

Kingnut is always the same, never varying in flavor or quality. Its ingredients are absolutely pure, wholesome, and nourishing.

Try it on your bread, waffles, and griddle cakes. You will find it equally satisfactory for cooking.

It is unusual to find an article of such all-round worth at such an economical price. Put Kingnut on your list today.

Kingnut is made and guaranteed by Kellogg Products, Inc., Buffalo, N. Y.

JENKINSON-BODE CO.,

Distributors

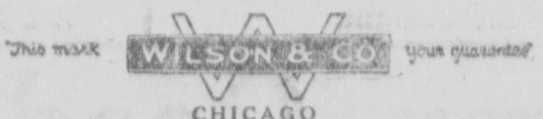

Jacksonville, Illinois

THERE'S only one way you can know how fine we have made Wilson's Certified Margarine, and that's to try it yourself.

You can't even suspect how good it is by anything else you have used as a spread on bread.

In real delicious flavor nothing has ever equaled "Certified." It's made from the richest, purest ingredients we can obtain at any price. It's churned in pasteurized whole milk and cream by our special process, absolutely sanitary. Then it's sent to your dealer and offered to you sweet and perfectly fresh.

Our money-back guarantee leaves it to you—unless completely satisfied you can get your money from your grocer. Try it today!

DIAMONDS--Charlemagne's Gift

"Charlemagne's gift was a single diamond cunningly wrought into a ring for the finger. 'For,' said he, 'no other gem is worthy of her beauty, purity and radiance.'"—Ridpath.

THEN, only a Charlemagne could give a diamond, finely mounted. This kindly gift has NOW the virtue of a true economy—especially when purchased here.

Unless you are a diamond expert, your purchase of a diamond should be made from a firm of known integrity

and with an established reputation as diamond merchants.

For many, many years we have served the people of Jacksonville and vicinity in this capacity, and you may purchase from us in perfect confidence of receiving the greatest value for the amount expended.

HAND WROUGHT JEWELRY

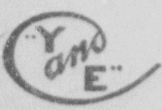

Your attention is directed to our exclusive display of exquisite hand-wrought platinum diamond jewelry in bar pins, rings and scarf pins.

Thousands of Fine Gifts Are Shown Here

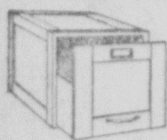

We are proud of the magnificent and comprehensive display we are able to make, and not the least are we proud of the very reasonable prices we offer. Suitable gifts of sterling quality can be had here at from fifty cents up.

Transfer Supplies

"Y and E" Transfer cases in wood, steel, or jute board; many sizes and styles

A simple and inexpensive "Y and E" transfer case

"Y and E" folders, of every kind including the famous "Yama-note" expanding folders

"Y and E" guides for every kind of filing

Order your Transfer Supplies this week—

ON December 31st every file in your office should be clear and clean, waiting for 1921 papers.

To do this, you will need new folders, guides, labels, perhaps new transfer cases.

This year the demand for transfer supplies is far greater than usual, due to the unusually heavy correspondence of the past few months.

Many of our customers have already ordered their transfer supplies, in order to be assured of having them on hand when they are needed.

Telephone us today, and let one of our service men show you exactly what you need. Ask to have him bring you a copy of the new "Y and E" Transfer book.

SAYS PUBLIC DOES NOT REALIZE THE CONDITION OF VETS

Count me in as a member of the "We Have Not Forgotten" Club. Here's my contribution.

Sign here:

Mail to The Journal. Make checks payable to State Finance Officer, The American Legion.

Chicago, Dec. 16.—"The people of Illinois do not realize the number of wounded and disabled ex-service men and women who are still uncared for," said John Hartman of the American Legion Service department. "If they did, our campaign for \$50,000 to be used in assisting them and giving them a real Christmas would be over-subscribed many times."

"In Chicago alone over a thousand are lying in hospitals—some of them have been there two years now suffering from shell-shock, shrapnel-torn muscles, and worst of all—gas and mental disorders." "At Dwight the old 'Keely cure' institute is now a public health service hospital and houses two hundred of our buddies. Every state insane asylum has from five to seventy-five. Here in Jacksonville, 31. Every available bed in the tuberculosis colonies has been taken. Forty at Springfield, fifty at Danville, fifteen at Macomb, and others at Bloomington, Naperville and Cairo. All these in addition to the men under observation at hospitals in nearly every county in the state. We can account for over four thousand this way."

"Add to this the buddies in every town in the state who are trying with perhaps the aid of the village notary, the Red Cross Home Service Worker, or the Legion officials to get in touch with their government

and secure the treatment they urgently need."

"The various welfare societies are doing what they can—and they're doing wonders—but the old wartime pep is gone, and its up to the veterans themselves to salvage these human wrecks, just as we wound up the barb wire 'Over There.'"

Its an expensive proposition for the Legion. Five men—two at state headquarters in Springfield and three in Chicago—are buried under a mass of claims. They estimate it will be close to 1930 when every vet is cared for.

This is one of the reasons the Department of Illinois has asked for a gift of \$50,000 from the people of Illinois—to give their buddies in hospitals a feeling that the people have not forgotten them and to enable their claims to be cared for and adjusted.

"Our buddies need help," said Hartman, "but in addition they need the cheering assurance our fellow citizens have not forgotten them. This campaign is a substantial way of carrying the message, and we sure hope the people won't forget."

WILL ESTABLISH UNIQUE SCHOOL

To Teach Art of Selecting and Breeding Prize Winning Jersey Cattle.

Louisville, Ky.—B. R. Parrish, a specialist in the art of selecting, fitting and breeding prize winning Jersey cattle is to open a unique school near Anchorage, Ky., shortly after January 1. The school is to have five month courses, in the study of medal winning cattle, production of the purest certified milk, sterilization and breeding.

The buildings of the institution are now under construction and it is planned to start with one hundred students. Three hundred Jerseys in the rough will furnish part of the equipment. The science of selecting a small given number as the best of the herd. They then will be instructed as to the best methods of feeding each individual animal, to improve certain deficiencies the particular animal may be subject to; such as underweight, overweight, milk production, etc.

The animals thus chosen will be clipped and blanketed and trained to pose, according to Mr. Parrish. To induce a cow to look its best he taught a cow to itself a difficult task and yet quite necessary for ribbon taking purpose. A cow, thus plentifully supplied with curiosity, and will watch a traveler along the road as far as he is in sight, is in some respects a self conscious creature and it takes a great deal of training and encouragement to it to hold its head high and obtain even a semblance of the beautiful arch seen in the necks of blooded horses.

The purification of milk also affords a wide scope, both from humanitarian and scientific standpoints. In a nutshell Mr. Parrish's method is one hundred per cent sterilization of everything pertaining to milk production, including keeping cow barns as clean as a parlor, and the animals clean enough to live in a parlor.

Parrish, who is about 44 years old, has practically devoted his life to the selection of fancy cattle. When he was 14 years of age he fitted a cow which was given to him by his mother. This animal, known as Queens Platessa, was the grand champion of Kansas. Since then, he has won scores of medals, either for himself or representing stock farms.

Parrish has scored many successes in certified milk also of milk from Kansas City to San Francisco where he scored 97 1-2 points out of a possible 100 points for purity. The fluid contained a bacterial count of 100 which is against about 50,000 found in ordinary fresh milk. Seventeen days from the time of milking, officials of the exposition declared the milk could be sold on the market as certified milk. This milk took the silver medal.

Later, at an exposition at St. Joseph, Mo., Parrish won a gold medal and established a world's record with a score of 99 1-2 per cent perfect.

6-FOOT LAWYER LOOKED LIKE PUMPKIN

"I was often doubled up with pains in my stomach and was yellow as a pumpkin before taking Mayr's Wonderful Remedy, which 10 years ago saved my life. My friends had given up all hopes of my recovery, as the best doctors did not help me. Am now enjoying the best of health." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Stewart MOTOR TRUCKS

Owners know these claims are true

The Stewart One-Ton Speed Truck has made good—100% good. Now owners know that what we said last January is so. It has quickly won its way to the front—the Stewart leader, and a profit-maker for owners. Business men and farmers favor it; buy it, work it hard, and praise it for its performance. For this One-Ton Speed Truck it fast, sturdy and flexible; built light for speed and built strong for hard hauling; its first cost is low, and it keeps right on saving on tires, repairs, gasoline and oil. It is furnished with electric starter, electric lights, magneto ignition and five-inch cord tires.

Stewart Capacities:

1, 1 1/2, 2, 2 1/2 and 3 1/2 ton

A Primer of Facts

1. Q.—Is the ARMY GOODS STORE here to stay?
A.—Yes. The Army Goods Store has leased its present location, with options, for five years and has come to stay.
2. Q.—What does the Army Store deal in?
A.—The Army Store deals in new and reclaimed goods bought from or made for the U. S. Army AND new goods including cotton and wool underwear, work clothes, mackinaws, blankets, hunting clothes, raincoats, sweaters, gloves, flannel shirts, leather coats and vests, leatherette coats, shoes, overshoes, boots, etc.
3. Q.—What goods are reclaimed?
A.—Only uniform coats, trousers, uniform shirts and leggings; all other items in this store are ABSOLUTELY BRAND NEW and FIRST QUALITY.
4. Q.—Can one purchase useful and desirable Christmas Gifts in the Army Store?
A.—There is no store in town where more useful gifts can be purchased; blankets for mother; a leather coat for brother, or a hunting outfit, a good raincoat for little brother and he'd like a helmet too; a pair of those very comfortable officers' dress shoes for dad or a few wool shirts for the wintry weather.

ADMINISTRATOR'S SALE
OF REAL ESTATE
State of Illinois ss.

Morgan County ss.
In the County Court thereof
In Probate.

In the matter of the Estate of
William T. Lumley, Deceased.
Nina A. Lumley, as administra-
trix of the estate of William T.
Lumley, Deceased, petitioner,
against Elba T. Lumley, et al.
Defendants. Petition to sell real
estate to pay debts.

By virtue of an order and de-
cree of the County Court of
Morgan County, Illinois, made on
the petition of the undersigned,
administratrix of the estate of
William T. Lumley, Deceased, for
leave to sell the real estate of
said deceased, at the June Term,
1920 of said court, to wit, on the
8th day of June, A. D. 1920, I
shall on THURSDAY, THE
SIXTH DAY OF JANUARY, A.
D. 1921, at the hour of two
o'clock in the afternoon of said
day, sell at public sale at the
front door of the court house in
Jacksonville, in the County of
Morgan and State of Illinois, the
real estate described as follows,
to-wit: Lot Sixty Seven (67) and
an undivided half interest in and
to Lot Sixty Six (66) in Park
Hill Addition to the Town (now
City) of Jacksonville (now with-
in the corporate limits of the
City of Jacksonville), in the
County of Morgan, Illinois, on
the following terms of sale, to-
wit: Cash in hand on day of
sale.

Dated this 9th day of Decem-
ber, A. D. 1920.

NINA A. LUMLEY,
Administratrix of Estate of
William T. Lumley, Deceased.
At the same time and place
Nina A. Lumley, individually,
half interest in said Lot Sixty Six
(66) Park Hill Addition to Jack-
sonville, will offer for sale her
undivided half interest

Abstracts of title to said lands
may be examined at the office of
Wilson & Butler, Attorneys,
232 1/2 W. State St., Jacksonville,
Ill.

Good's MACARONI BEST to be better than ordinary macaroni and it is.

A CLEARING HOUSE FOR CHRISTMAS BASKETS

Editor Journal: Christmas will soon be here. You are going to remember some needy family with a Christmas basket. You are not alone. Many kindly disposed people are going to do the same thing. Churches, lodges, the Salvation Army, Sunday school classes, various organizations, will do likewise. Will there be enough baskets to go around? There should be in a community like this. There will be if there is no duplication of effort. Already the lists are being made. Names are being given to those who wish to send out such baskets. From dozens of different sources come the information. Dozens do the distributing. You quietly send a basket to a certain family. Two or three others kindly disposed people, with equal quietness, send to the same family. From every standpoint such duplication of effort is unwise. That is not the way to make the baskets go around. By so doing some get much and others, equally worthy, nothing. Besides did you know that right here in our little city there are those who actually capitalize their poverty, and who systematically work every church organization or person they can, utilizing the kindly Christmas spirit for their gain? Some way such persons are experts in getting their names to a wide number of the charitably disposed. Those most deserving usually hide their necessities.

What is to be done? Just this: Put the matter through the Clearing House. The Social Service League is the Clearing House for the work. A pitiful story of a family without Christmas cheer comes to you. Your first thought is to send them a Christmas dinner. Just report that fact to the Social Service League. If you are in doubt they will tell you whether the case is deserving. The family may already be provided for. If so you will be told. If not it will be now so noted. The Social Service League is simply the community helping itself to do efficient service.

We are all heart sick over the awful waste of recent years. This is an appeal for efficiency in doing good.

Efficiency.
E. H. Crouse represented Murryville in the city Thursday.

Just received, car load of GENUINE AMERICAN FENCE HALL BROTHERS South Main Street

If you see a stray deer in the road or on your premises, don't shoot it, but report to Congressman Rainey, at Walnut Hill. One of his herd of deer jumped the fence Tuesday afternoon and got away.—Carrallton Gazette.

WOODSON CHRISTIAN CHURCH

Bible school begins at 9:30 a. m. W. H. Fitzsimmons Supt. Communion and preaching at 11:00 a. m. Junior congregation will meet at 6:00 p. m. Mabel Henderson, leader. Theme for morning sermon will be "Things that make a strong church." The evening theme will be "What will become of the man who never heard the Gospel." This question has been asked and the pastor will preach on it Sunday night. Most of the people preach that he will not be lost. Come and hear the discussion as we see it. I. H. Fuller.

COLDS RELIEVED BY TURPO

The Turpentine Ointment That Gives Immediate Relief in All Cold Troubles and Congestion. Mothers Use it to Prevent Development of Children's Colds

For several winters a large number of people, especially mothers of small children, have prevented the serious effects from neglected colds by using Turpo—the new Turpentine Ointment which, applied externally, drives a cold away overnight, relieves congestion of all kinds, and has valuable antiseptic properties. There is nothing mysterious or secret about Turpo—it is a scientific combination of distilled Turpentine, Camphor and Menthol, a safe ointment which, being readily absorbed through the skin, carries the recognized and beneficial effects of these medicines to the root of the trouble. Turpo applied up the nostrils at the first sign of a cold, relieves congestion and headache, clears the air passages, checks the cold at its very root, and prevents its developing into more serious trouble.

Pneumonia and influenza may develop from a neglected cold—especially in children, and careful mothers are now using Turpo as a standard household application, to be used at the first sign of "sniffles" in the child. For severe colds, Turpo rubbed on the throat and chest gets under the skin, clearing up the congestion, without blistering, the skin or staining the clothing. Turpo is also of value to give relief in catarrh, having cough, sore throat, and as an antiseptic application for cuts, wounds and burns. Ask your doctor or druggist about Turpo—they will confirm that it is a good, honest remedy.

Sold in white opal jars with the orange and black label, 30c and 50c. Your money will be cheerfully refunded if you are not entirely satisfied.

TURPO

For every Cold and Congestion

Dr. J. F. Shallenberger, The Regular and Reliable

Chicago Disease Specialist who has since 1907 treated Chronic Nervous and SPECIAL DISEASES of Men and Women Scientifically, also Diseases of the Eye, Ear, Nose, Throat, Lungs, Heart, Blood, Skin, Nervous Debility, Nerves, Liver, Stomach, Intestines, Kidneys and Bladder. TRACTOR Overhauling

We are now equipped to rebuild a tractor motor, any make or size.

These heavy duty motors to give results this spring must be reground and fitted with oversize pistons.

Consult us first; do not let otherwise valuable machinery go into the discard.

If motor does not have power, runs hot, consumes too much gas or kerosene, and thins the oil, these symptoms indicate loose rings and worn cylinders.

Speaking of oil, there is only one sure and safe oil to use—that's Mobile.

Ask the man who has tried all kinds.

We have a car load on hand, in all grades and size of containers. You save money to buy now.
